

## Decisive Battle Now Raging Along Aisne

Allies Pressing The Germans Very Hard, but Both Sides Claim Points--Austrian Losses Continue to Grow and Germany May Have to Fight Unaided--Latter Issue Statement Disclaiming Any Fear As To Outcome.

### AUSTRIANS SUFFER 40 PER CENT LOSS.

By Associated Press.

London, Sept. 16.—A dispatch to the Express from Rome states that the two Austrian armies commanded by Generals Dankl and Auffenberg have joined forces at Rzesow, 32 miles due north of Przemyśl. In the course of this operation, the dispatch says, they lost 40 per cent of their numbers.

### GERMANS FEEL SURE OF SUCCESS.

Berlin, Sept. 16.—The German general staff announces that the situation on the west front is still "favorable". It declares that the French and English have at no place, on the whole battle front, won a victory and that the Germans can look with confidence to the outcome. Other than this no news is obtainable regarding the progress of operations.

### KAISER'S ARMY ON THE DEFENSIVE.

Paris, Sept. 16.—According to official announcement made this afternoon the German army is fighting a defensive battle along its front from Noyen to a point north of Verdun.

### ADMINISTERS DEFEAT TO THE SERBIANS.

Vienna, September 16.—General Hofer, deputy chief of the Austrian general staff, announced today that the Serbian army, which crossed the river Save into Hungary, had been defeated along its entire line and that Szerem, in Slavonia, and Banat were now clear of the enemy.

Petrograd, September 16.—The following summary of the recent fighting in Galicia, from the Russian point of view, has been made public in Petrograd through semi-official channels:

"Russian troops are pursuing the Austrians with energy and the defeat of the enemy continues. Certain Austrian army corps have been virtually annihilated. Russian forces have passed the river San.

"The eastern Russian advance guard is approaching Przemyśl. The rapidity with which military operations are being conducted has made it impossible to determine accurately the losses of the enemy, but it may be said that they are becoming colossal.

"According to such information as has come to hand, the Austrians have lost in the neighborhood of 250,000 men, in killed and wounded, this in addition to 100,000 prisoners, 400 pieces of ordnance and a number of standards. In all directions the roads are crowded with artillery and transport wagons which have been abandoned en masse during the retreat of the enemy."

By Associated Press.

London, September 16.—The second great battle in northern France since the southbound sweep of the German invaders, met its check, is now apparently in progress to the northward of the river Aisne. The opposing lines are arrayed from the Argonne hills through Rethel to Porcieu.

Whether the Germans propose to fight to a finish, or their positions are planned merely to cover their retreat to the river Meuse is not yet clear, but the German commanders are showing the same skill in retreating and the same skill in keeping their forces intact as the allies showed a fortnight ago. The German rush into France and back, thus far has brought no decisive results. The allies, for a moment, have retrieved their perilous position, and have turned the tables on the invaders, but the next move is with the Germans. The decision—for it seems nothing less—

in the Austrian army means that Germany will have, more and more, to rely mainly on herself. What new forces Germany can put into the campaign in the western area must henceforth depend in a great measure upon how far she can neglect the Russian movement on Breslau.

The Official Press Bureau today gave out a statement which says: "The general position along the Aisne river continues very favorable. The enemy has delivered several counter attacks, especially against the first army corps. These have been repulsed and the Germans have given way slightly before our troops and the French armies on our right and left. The enemy's loss is heavy and we have taken 200 prisoners.

By Associated Press.

Washington, September 16.—The Belgian commission, which comes to protest against alleged German atrocities in Belgium was received in the East Room of the White House today

by President Wilson. Accompanied by Minister Havenith, the commissioners assembled at the State Department just before 2 p. m. and were received by Secretary Bryan, who then took them over to the White House. President Wilson said to the commission:

"Permit me to say with what sincere pleasure I receive you as representatives of the King of the Belgian people, for whom the people of the United States feel so strong a friendship and admiration, a king for whom they entertain so sincere a respect, and express my hope that we may have many opportunities of earning and deserving their regard. I thank you for the document you have put in my hands, containing the result of an investigation by a judicial committee, appointed by the Belgian gov-

PRINCE RUPPRECHT OF BAVARIA

ernment to look into the matter of which you have come to speak. It shall have my most attentive perusal and my most thoughtful consideration."

## OPENING SESSIONS OF THE OHIO CONFERENCE

Nearly 250 Ministers Attend Opening Session of 103rd Meeting of Ohio M. E. Conference.

### PART OF MORNING DEVOTED TO BUSINESS

Dr. A. M. Courtenay Delivers Memorial Address, and Also Makes Report for Columbus District—Dr. Cherington Makes Report Showing Splendid Condition in Chillicothe District—Receives Handsome Remembrance.

Wednesday morning witnessed the opening of the 103rd session of the Ohio M. E. Conference at Grace church in this city, with Bishop Wilbur P. Thirkield presiding, and with more than 200 ministers in attendance.

Bishop Thirkield briefly addressed the assembled ministers, and after prayer, the Holy Communion was impressively carried out, Bishop David H. Moore, the six superintendents and Rev. F. E. Ross, assisting Bishop Thirkield in administering the sacrament, between 400 and 500 partaking of the sacrament.

Following the roll call and the response of about 225 ministers, Rev. A. M. Courtenay, D. D., delivered the memorial address, paying beautiful tribute to the late Isaac B. Bradrick, Geo. A. Marshall, Joseph G. Tedrick, LeRoy B. Sparks, and six members of ministers' families.

Conference business was then taken up. Two district superintendents made reports—Dr. W. D. Cherington, and Dr. A. M. Courtenay. Following Dr. Cherington's report, Rev. F. E. Ross, in a very neat speech, presented to Dr. Cherington on behalf of the pastors of the Chillicothe district, a very handsome traveling bag, with toilet set. The surprised minister replied, thanking the donors for their show of appreciation.

Dr. W. D. Cherington, superintendent of the Chillicothe District, was the first superintendent to report. His report was prefaced by the following address of welcome:

"It was our privilege a year ago to welcome the Ohio Conference to Chillicothe. It is our privilege today to extend the welcome of Washington C. H. to the noble and loyal three hundred men of God, who labor as ministers in the fields of the Kingdom, within the boundaries of the Ohio Conference.

"The Chillicothe district is highly favored in having within its territory, these two successive sessions of our annual conference, and we are certain that the inspiration of them,

will abide in blessing upon our local churches.

"Our beloved resident bishop, William F. Anderson, who presided over us a year ago, is now across the sea, detained in his journeys for God and the church by a continent-wide war. May the everlasting arms be underneath him, and the presence and guidance of the Holy Spirit make safe, bright and blessed, all his travels.

"We welcome most heartily our beloved presiding bishop, Wilbur P. Thirkield, who comes to us for the first time in this high office. A goodly number of this conference have known and loved him for many years. To others he comes as a stranger. But he will easily win his way to all hearts, and will prove himself to be a beloved brother to all.

"There is one royal prelate of the church, who is always our bishop. Independent of all General Conference relations, and independent of all Episcopal plans, our residing, and presiding, and confiding and always love-abiding bishop, is David H. Moore. He holds our perpetual welcome, and our ever ascending prayer for the richest blessings of our Father's love.

"Our honored and loved retired ministers, all the active members of our conference, our supply pastors, and all the multitude who are drawn to this conference by their love to our Zion and to our God, have the most cordial welcome of this church, this city, and this district, while we pray for the Divine blessing and approval upon our united labors."

Dr. Cherington spoke of the fact that all ministers had been in good health during the past year, and that the relations had been of the most pleasant and harmonious.

Words of consolation were offered to Rev. Charles E. Hill, of Mt. Sterling, in the sad death of his wife and child. In connection with their death Dr. Cherington said:

"We were in the Mt. Sterling parsonage a few days before, and talked over the plans of this mother and daughter, to go in the near future on a visit to their loved ones, in the beautiful sunset land of our country. And little Mary Virginia said, 'Mamma couldn't go without me!' But in such an hour as they thought not, they went together across to God's immortal surprise country; and as we laid them down to rest, side by side, and covered them over with flowers, we could still hear little Mary Virginia's voice saying: 'Mamma couldn't go without me!' May our brother and his children be in God's care and comfort, and may all our itinerant households be complete in God's reunion country."

## SWIPES THEATERS, BILLIARDS, BANKS

War Revenue Bill as Reframed Today Drops Freight Tax and Imposes Burden Other Ways — Tobacco Dealers Public Exhibitions, Circuses, Brokers, Checks, Telephone and Telegraph Messages, Receipts, Insurance, Etc., Are Taxed.

By Associated Press.

Washington, September 16.—As agreed upon by the democratic caucus and administration leaders, the war revenue bill was reframed today to eliminate the freight tax and provide special levies in addition to wine, beer and gasoline taxes previously agreed on. It will tax banks with capital and surplus not exceeding \$25,000, \$50 a year, and \$2 for each additional \$1,000; stockbrokers, \$50; pawnbrokers, \$20; commercial brokers, \$20; custom house brokers, \$10; proprietors of theaters, museums and concert halls, \$100; circuses, \$100; public exhibitions, \$10; bowling alleys or billiard halls, \$5 per alley or table; dealers in leaf tobacco, \$6 to \$24, according to volume of business; dealers in tobacco, \$12; manufacturers of tobacco and cigars, \$6 to \$24.

The stamp tax proposed, subject to probable revision, by the committee, are in detail as follows:

Bank checks, 2 cents; drafts, 2 cents for each \$100; certificate of deposit, 2 cents per \$100; promissory notes, 2 cents for each \$100; money orders, 2 cents per \$100; express receipts, 1 cent; freight receipts, 1 cent; telephone messages, costing 15 cents or more, 1c; bonds, 50 cents; certificates of damages, 25c. The certificates of nearly all documents such as broker contracts, etc., run from 25c to 50 cents; telegraph messages, 1 cent; life policies, 8 cents on each \$100; marine, inland, fire, casualty, fidelity, etc., one-half of one per cent; mortgages, 25c for each \$1500; leases, 25 cents to \$1.00; power of attorney, 10 cents to 25 cents; protest, 25 cents; warehouse receipts, 25 cents.

## THREE VICTIMS STILL UNKNOWN

By Associated Press.

St. Louis, September 16.—All but three of the 27 persons who perished in the wreck of the "Texas Limited" on the St. Louis and San Francisco Railroad, when two passenger cars fell into a flooded gully yesterday, have been identified today. The Missouri Pacific Service Commission today began an investigation of the wreck. A statement given out by W. C. Nixon, receiver of the railroad, in charge of operation, said that never before, even after heavy rains, had the company experienced any trouble at the gully where the wreck occurred.

## BOMBS DROPPED ON THE GERMANS

By Associated Press.

Tokio, Japan, Sept. 16.—It is officially announced that a Japanese aeroplane dropped bombs on the barracks of the Germans at Tsing-Tau and that the machine returned safely to its headquarters. The destroyer flotilla, operating near Tsing-Tau, drove in the enemy's patrols.

## CARDEN ROASTS MEXICO

By Associated Press.

New York, September 16.—Sir Lionel Carden, one time British minister to Mexico, and recently appointed minister to Brazil, sailing today on the Celtic for Liverpool, is quoted with making the following statement concerning the withdrawal of American troops from Vera Cruz:

"It is a desperate shame that the United States has seen fit to abandon

the decent people of Mexico when they most need help. I do not know the reason for this, but it would seem that President Wilson has been misinformed. The people who did not get protection in Mexico City and elsewhere went to Vera Cruz for protection. What will they do now? They have no means of getting away and will be left to the mercies of the lawless element that will immediately over-run the town and country.

"When it is said that a state of absolute anarchy exists in Mexico it is not stating the facts too strongly. There were some 4,000 good policemen in the City of Mexico, but these have been supplanted by an army of 36,000 soldiers that fought the Federal government, and among these are several thousands of wild Yaqui Indians who, two months ago, fought with bows and arrows as the only weapons they knew.

"Imagine these wild men turned loose in the streets of a great city with no law to govern them and with the residents at their mercy. Neither life, liberty nor property is safe and whenever an officer so desires he may turn a family out of its home and commandeer everything. There is no redress, for there are no courts, no congress, no laws—nothing but anarchy and military despotism with not even a supreme chief to oversee that.

"Huerta had some sort of government, Carranza has none. The only claim he has to greatness is his physique and that is not so terrifying either."

## YANKS TO RETURN

By Associated Press.

Washington, September 16.—Preparations were being made here today for the withdrawal of the American military forces from Vera Cruz, who have held the city since last May, in accordance with President Wilson's order of evacuation. The battleship fleet, now stationed in Mexican waters, will be withdrawn, formal orders for which have not yet been issued. The total forces at Vera Cruz, under General Funston, include 7,200 soldiers and marines, the latter to go back to warships and stations from which they were taken, while the former are to return to Texas barracks.

# GERMANS FIND NEW POSITION

Will Present Solid  
Front to Foes.

BIG BATTLE IMPENDING

Allied Forces Still Keeping Up  
a Swift Pursuit.

HAMMER RETREATING ARMIES

General Von Kluck With the German  
Right Makes a Stand North of the  
River Aisne—Other Divisions Fall  
Back to Straighten Out Front.  
Rheims Recaptured by the French.  
Official Reports Issued by the Sev-  
eral War Offices.

London, Sept. 16.—The battle of  
the Marne has about come to an end,  
and, although the allied armies are  
keeping in touch with the retreating  
Germans, it is evident the latter are  
taking up positions to stay the north-  
ward advance of the British and  
French.

General Von Kluck, with his army,  
has made a stand north of the river  
Aisne on a line marked by the forest  
of L'Aigle and Craonne, while the  
armies of Generals Von Buelow and  
Von Hausen, the Duke of Wuertem-  
burg and crown prince are falling  
back to straighten out the front on  
which the next big battle is likely to  
be fought.

Although the Germans have been  
badly punished in their long retreat  
and have lost many guns and men,  
they maintain cohesion, and, unless  
the French succeed in their attempt  
to get between the army of the crown  
prince and those operating to the

west of him, Emperor William's  
forces will present a solid front when  
the time comes for another clash,  
which will be fully as important as  
the recent battle.

If the Germans can gain the new  
position, it offers better opportunities  
for defense than the ground they  
have passed over during the last 10  
days. Their right apparently extends  
as far west as St. Quentin, through a  
country intersected by rivers and  
streams that will embarrass the at-  
tacking forces.

The German Line.

The main German forces, under  
Generals Von Buelow and Von Hau-  
sen, the Duke of Wuertemberg and  
the crown prince, stretch along the  
river Aisne to the hills behind Rheims  
and then north to Verdun, thus se-  
curing the roads and railways run-  
ning north from Reims to the Bel-  
gian frontier and eastward to Luxem-  
burg and Metz in Lorraine.

Thus by bringing the army of the  
crown prince of Bavaria more into  
line they will be covered on one wing  
by their own fortress of Metz. Some  
military experts are of the opinion  
that the Germans will offer their  
next big resistance on the Meuse and  
that another battle of Sedan will be  
fought before many days.

Rheims has been recaptured by the  
allies, but the reports make no men-  
tion of the neighboring fortresses of  
La Fere and Laon, the recapture of  
which should not be difficult, as they  
are constructed to resist attack from  
the north, and the south front is rel-  
atively weak.

The scattered British and German  
forces throughout Africa have been  
having skirmishes wherever their  
frontiers meet and the South African  
mounted rifles, a permanent force,  
many members of which, fought  
against the British in the South Afri-  
can war, are reported to have just  
won a victory over the Germans,  
whom they are said to have expelled  
from Ramansdrift. This may be the  
forerunner of what may develop into  
a serious battle. The Germans have  
a strong force in German West  
Africa.

General Hindenberg has telegraphed  
the German emperor that Russia's  
Vilna army of the second, third,  
fourth and twentieth army corps and  
two reserve divisions and five cavalry  
divisions have defeated the Russians  
in East Prussia with heavy casual-  
ties. The number of prisoners is  
great and the destruction of the army  
continues, while the spoils of war are  
enormous.

The Russians report that they have  
put out of commission 60 per cent of  
the Austrian fighting force and that  
they have taken 250,000 prisoners.  
In official circles at Constantinople  
it is reported that Turkey will not  
support Germany and has decided to  
remain neutral.

## UP TO THE KAISER

Washington, Sept. 16.—Officials of  
the Washington government and  
diplomats revealed a feeling of ex-  
pectancy that within another day  
or two Emperor William would reply  
to the informal peace inquiry made  
by the United States a week ago. Ad-  
ministration officials are clinging to  
the hope that the answer of the Ger-  
man government may open the way  
for further discussion with Great  
Britain, France and Russia of peace  
terms.

Since President Wilson's tender of  
good offices was made and acknowl-  
edged in a noncommittal way by Ger-  
many, along with the other belliger-  
ents, American diplomats have been  
watchful for the slightest indication  
of a readiness to talk peace. The ad-  
vices which Ambassador Gerard had  
sent the American government early  
last week—before the inquiry was ad-  
dressed to him—were to the effect  
that overtures of peace were at that  
moment inadvisable.

On the other hand, the American  
government had before it the re-  
ported willingness of the emperor to  
make peace, as related by Oscar  
Strauss, after a conversation with  
Count Von Bernstorff, the German  
ambassador. Mr. Gerard was then in-  
structed, notwithstanding previous  
reports, to ascertain if the German  
emperor desired to confirm these re-  
ports. Officials expect a definite an-  
swer soon.

## VERDUN FORTS NOT BESIEGED

Paris, Sept. 16.—The following  
statement was issued by the war  
office:

"On our left wing our forces are in  
close contact with the enemy on the  
entire front north of the Aisne and to  
the west and north of Rheims. In the  
center our advance between the Ar-  
gonne and the Meuse continues.

"It is absolutely untrue that the  
forts of Verdun are being besieged  
and bombarded by the army com-  
manded by the German crown prince.  
The only fort that has been attacked  
by the enemy in this district is  
Troyon, which does not belong to the  
defense of Verdun, but to that of the  
Meuse district. Troyon has been  
bombarded on several occasions, but  
these repeated attacks have been un-  
successful and the fort has now been  
relieved. On our right wing the sit-  
uation remains unchanged."

## START NOW TO PREPARE FOR WAR'S DEMAND ON NEXT CROP

If ever America puts its hand to  
the plow in its effort to feed the  
world, it has assumed that responsi-  
bility now. Not since the harrowing  
days following our own strife of the  
sixties have the tillable acres of this  
country faced such a possible drain  
upon their bountifulness. Without  
even dimly prophesying the duration  
of the war now raging, we are al-  
ready assured of the fact that next  
year this country will be the store-  
house of the world. Every farm own-  
er, every tenant and every share-  
worker will have his part to play in  
fulfilling this great responsibility. No  
matter how remote his residence, he  
will hear Europe's call for beef, bac-  
on and bread, and on the amount he  
has to sell will depend not only his  
satisfaction of having served him-  
self; for big crops, much stock, many  
hogs next year will mean big profits.

It is thus that the American far-  
mer begins his fall work with two  
strings to his bow. With one hand  
he is rescuing the perishing and with  
the other, he is reaching out for tan-  
gible encouragement toward a bank  
account and a better home.

NOW IS THE TIME TO START

Now is his opportunity, and this  
month is the time to lay his founda-  
tion. There are two lines along  
which he should plan his work, but  
only one line along which he should  
work his plan. First, he should uti-  
lize every available part of his land,  
and second, he should strive to raise  
the average yield of his farm per  
acre. There will be no danger of  
over-production for the crops sown  
this fall. The man who has a big  
yield will find a big market. But to  
get this yield means a better kind of  
farming. Now would be a good time  
to break away from some old-fash-  
ioned ideas about the moon; from some  
other old-fashioned ways of shallow  
plowing; and some old-fashioned  
carelessness in cultivating; and some  
old-fashioned theories in regard to  
seeding. In those parts of the country  
which do fall plowing and fall  
seeding, the way the seed bed is  
made and the way the sowing is done

this fall will determine the crop per  
acre next year more than next year's  
rainfall, hot winds or frosts. In an  
experiment not long ago described  
by F. L. Peterson of the University  
Farm at Davis, California, he says:  
"As the pressure for supplies be-  
comes greater, it becomes more evi-  
dent that the world cannot afford  
large farms skimmed over with care-  
less culture. In an actual experiment  
a gain of 200 per cent which was  
made in the productivity of a  
certain area, 100 per cent was found  
to be due to better plowing and har-  
rowing, 50 per cent to better culti-  
vation, and the rest to better seed."

A lesson or two like that in every  
community would soon work its way  
into farm operation in such a way  
that several costly practices sanction-  
ed by time and custom would become  
in a short time as historical as crad-  
ling wheat and threshing it with a  
flail are now. The great economic  
law which makes a man's land pro-  
fitable is not so much the price he  
gets for his product as it is the dif-  
ference between this price and the  
amount spent in producing this pro-  
duce.—(By Douglas Malcolm, Inter-  
national Harvester Company of America.)

## The Maine Election Results

By what process of reasoning and upon what basis of real fact the political experts are able to arrive at the conclusion that the result of the elections in Maine are a certain indication of the result of elections yet to be held in other states, is just a little beyond the understanding of folks not skilled in the game of politics. But politicians do arrive at that conclusion and announce it as a settled fact with a confidence that is assuring to their fellow partisans and disconcerting to their political opponents.

To the more matter of fact—common, every-day voters—the old saying of “as Maine goes, so goes the nation” is more of an old superstition than anything else.

Maine elected a democratic governor, but upon issues purely local. True, the old political call to the colors of “stand by the President” was in evidence in the campaign and can not be said to have exercised no influence at all upon the voters of the Pine Tree state, but, to assert that the use of that old political battle cry was the controlling influence is going too far.

Insofar as the result of the elections in Maine encourage the partisans of the victors and discourage their opponents that result may be said to be indicative of the result of elections to be held in other states in November.

Of course it is encouraging to the democratic voters in this and in other states that a rock-ribbed Republican state like Maine should elect a democratic Governor and in the fact that the Progressive party vote fell off, markedly from the vote cast by that party two years ago and the democratic candidate was victorious notwithstanding the partisans of Wilson and Bryan and Cox, find further cause to be encouraged.

The shrinking in the total of Progressive votes cast, compared with the result of two years ago, indicates that on local issues there is an inclination among the third party voters to line up with one or the other of the two old political parties and to cast their votes with that party, which more nearly rises to their standard of political principles, rather than cast their votes purely for principle for candidates who have no chance of success.

That view is the most favorable one which Progressives can gather from the results in the Maine elections.

Whether founded in fact or based entirely on superstition, there is no denying the fact that the Democrats are tremendously encouraged by the result of Monday's voting in Maine and their opponents in the ranks of the Republican party correspondingly discouraged.

The result in the Congressional elections is, in a measure at least, proof that an encouraging percentage of the voters are in accord with the policy of the national administration and an indorsement of the vital legislative enactments of the present Congress. To that extent there is real basis in fact for the jubilant spirit in the democratic ranks and to that extent also is the result indicative of the result of later elections.

It is yet several weeks until the voters in Ohio and the majority of the states of the Union will be called upon to express by ballot, and many contingencies may happen which will either strengthen or weaken the prophecy of the Maine result and that prophecy is strong or feeble, according, largely, to the desire of the individual voter to whom the result seems fraught with meaning.

## Out of This Strife There Will Arise In Europe a Greater Federation

By A. P. WARRINGTON, Theosophist

EUROPE HAS NOT BEEN STABLE. IT HAS STOOD ON SUCH SPINDLING SUPPORTS THAT THE SINGLE SHOT OF A FANATICAL ASSASSIN HAS SENT PRACTICALLY ALL ITS COUNTRIES CRASHING TO EARTH. BUT THE FALL, DISTRESSING AS ARE ITS INCIDENTS, MUST MAKE FOR STABLE FOUNDATIONS. WITHOUT THIS SHAKING DOWN TO FIRMER FOUNDATIONS PEACE COULD NOT HAVE BEEN MAINTAINED, BUT THIS WAR WITH MAN FACING MAN AND NATION FACING NATION WILL BRING ITS OWN REVULSION OF FEELING AGAINST SUCH STRIFE.

Out of this strife will arise in Europe a greater federation whose states will co-operate in the development of a GREATER CIVILIZATION THAN THEY EVER HAVE EXPERIENCED. This will not mean national extinction. To a large extent national autonomy will be preserved, but because all nations will have come to realize keenly the horrors as well as the futility of war, and because of the further development of the world spirit, war for a very long period will be made impossible.

BUT ALL THIS WILL BE REALIZED AFTER GREAT SUFFERING. THE WORLD WILL BE SO TORN AS A RESULT OF STRIFE, THERE WILL BE SUCH DISTRESS AND SORROW, THAT THE NEED OF THE DIVINE COMFORTER WILL BE GREAT. WITH SUCH GREAT DISTRESS BECAUSE OF THIS WORLD CALAMITY IT WOULD SEEM THAT EVEN SKEPTICS WOULD NOT DARE TO DOUBT THAT THE CHRIST WILL COME AGAIN TO COMFORT AND MINISTER.

## Poetry For Today

### THE SOLDIER'S DREAM.

Our bugles sang truce, for the night cloud had lowered,  
And the sentinel stars set their watch in the sky;  
And thousands had sunk on the ground, overpowered,  
The weary to sleep and the wounded to die.

When reposing that night on my pallet of straw,  
By the wolf-scaring fagot, that guarded the slain,  
At the dead of the night a sweet vision I saw,  
And thrice ere the morning I dreamed it again.

Methought from the battlefield's dreadful array,  
Far, far, I had roamed on a desolate track;  
'Twas autumn, and sunshine arose on the way  
To the home of my fathers, that welcomed me back.

I flew to the pleasant fields traversed so oft  
In life's morning march, when my bosom was young;  
I heard my own mountain goats bleating aloft,  
And knew the sweet strain that the corn reapers sung.

Then we pledged the winecup, and fondly I swore  
From my home and my weeping friends never to part;  
My little ones kissed me a thousand times o'er,  
And my wife sobbed aloud in her fullness of heart.

Stay, stay with us: rest, thou art weary and worn,  
And fain was their war-broken soldier to stay;  
But sorrow returned with the dawning of morn,  
And the voice in my dreaming ear melted away.

—Thomas Campbell.

# ACCEPT WILSON'S PROPOSAL

## Peace in Colorado Now Up to the Mine Owners.

Washington, Sept. 16.—The United Mine Workers of America accepted President Wilson's proposal for a settlement of the Colorado strike. It now remains with the operators, including the Rockefeller interests, to say whether they will accept the plan and end the conditions which have broken down civil government in Colorado and resulted in much bloodshed.

The president's plan, which was formulated by a commission of government employees after an extended investigation, provides for the establishing of a three-years' truce between the miners and the operators, during which difficulties are to be submitted to locally-elected grievance committees, over which a commission appointed by the president is to act as a court of appeals.

A letter from the high officers of the United Mine Workers informed the president of their acceptance of the government's plan, subject to the approval of the miners of Colorado, whose representatives had been called to meet for an expression of their views at Trinidad.

## WILSON NAMES TWO CONSULS

Washington, Sept. 16.—The president sent to the senate the nominations of Carl Bailey Hurst of the District of Columbia to be consul at Antwerp, and of Henry W. Diederich of the District of Columbia to be consul at Barcelona. Both men are now in the consular service.

## ART TREASURES OF FRANCE.

### Precautions That Guard Them at the Louvre, in Paris.

Those who visit the Louvre do not suspect the labor that is necessary in keeping the building in order. It must be protected at night against fire and burglars by watchmen, who, with revolvers at hip and dark lanterns in hand, make their rounds, accompanied by police dogs.

Upstairs and downstairs and along the corridors, says the Paris correspondent of the New York Sun, the distance they travel amounts to four miles, and in every room the watchmen must "punch" the clock that shows whether the rooms have been inspected and how often.

During the night the most valuable works of art are kept under lock and key. When the galleries are closed to the public a clever piece of mechanism is set in motion that carries the royal jewels, worth millions of dollars, into a special burglar proof chamber. The Venus de Milo, too, has her own special bedroom. An iron shutter rises from the ground in front of her and hides the marble features of the goddess.

In the early morning an army of custodians pours through the rooms, and the process of cleaning begins. A force of 150 men sets to work with brooms, dusters and floor polishers. The custodians exceed the strength of a company of soldiers on a war footing. There are one chief custodian, three underchiefs, twenty-seven superior and 148 inferior custodians. To these must be added the Louvre's artisans, for the great place has its own works department and almost its own factory.

### Out of the Mouths of Babes.

Sunday School Teacher—Can you tell me who dwelt in the Garden of Eden?  
Little May—Yes, ma'am; the Adames.

"What is an amateur, Bobby?" queried his small sister.  
"An amateur," replied Bobby, "is anything that isn't nature."

"Mamma," queried little Myra, "do you think grandpa has really gone to heaven?"  
"Yes, dear," was the reply.

"Well, continued Myra, 'I'll bet he sneaks outside once in awhile to smoke his pipe.'"  
In the lesson mention had been made of the canthook that is used in rolling logs.

"Can you tell me what a canthook is, Tommy?" asked the teacher.  
"Sure," replied Tommy. "It's a cow that hasn't any horns."—Detroit Free Press.

## AMBASSADOR HERRICK STICKS TO PARIS POST; BACON IS AIDING HIM.

Myron T. Herrick, American ambassador to France, is sticking to his post in Paris for the benefit of Americans who are still there. He declined to go to Bordeaux when the official French government was moved there because the siege of Paris seemed imminent. Ambassador Herrick, who was about to give up his post, to be replaced by President Wilson's appointee, William Graves Sharp, when the war began, will stay in Paris until peace is reached. He is being aided by Robert Bacon, former American ambassador to France. Mr. Sharp is also there.

## MUSHROOMS CLAIM TOLL

Cleveland, Sept. 16.—Two girls died and 10 other persons were reported in a serious condition from mushroom poisoning. Isabelle Miko, seven, died at a local hospital. Her grandfather, father and mother are in a serious condition at the same hospital. Hazel Gebhart, sixteen, died at her home. Her father, F. J. Gebhart, and her 18-year-old brother Frank are at a hospital. Her mother and two younger sisters are ill at their home. Mrs. Anna Novak also died from the effects of mushrooms eaten at home. Her husband, John Novak, and Arnon Squiras are in a serious condition.

"My husband doesn't care for sight-seeing."  
"Then nothing interested him on your trip?"

"Only the spot where Washington threw a dollar across the Potomac. He spent several hours looking for the dollar and was quite happy for awhile, but even that ended in disappointment at last."—Kansas City Journal.

### Tact.

"What makes you limit the weather forecast to the word 'fair' so frequently?"

"We want to show a little tact," replied the climate expert. "The word 'fair' is pleasant and reassuring, and we want to keep the idea of sunshine and skies of blue prominent without dwelling on the temperature."—Washington Star.

### Shakespeare's Descendants.

Besides his first child, Susanna, Shakespeare's only other children were a boy and a girl, twins, born in 1585. Susanna married a Dr. Hall, a Stratford physician, in 1607, was left a widow in 1635 and died in 1640. She had only one child, a daughter, who, though twice married, left no children. Of the twins, the boy, named Hamnet, died at the age of eleven, and the girl, Judith, married Thomas Quincey and had three sons, who all died childless.

# THE MILLION DOLLAR MYSTERY -- TONIGHT!

## SUPERVISOR AGRICULTURAL EDUCATION VISITS SCHOOLS

Mr. Lester V. Ivins, Supervisor of Agricultural Education, Department State School Commissioner, of Lebanon, Ohio, spent the day in the city and county, conferring with Supt. Allen and the District Superintendents in the county along the lines of Agricultural education in the public schools.

Mr. Ivins reports interest in his department to be greatly increased under the new school laws, and believes it will bring much better results than under the old methods employed, as it places his department into closer touch with the schools.

Mr. Ivins stated that it was the intention of his department to try and recognize a number of First Grade rural schools in this county and a little later an inspection of schools will be made with this in view.

To be a first class school the following requirements are essential: a library, agricultural apparatus, map of Ohio and United States, buildings in good condition, jacketed stove with

proper ventilation, 100 square feet of blackboard, teacher with a three-year school certificate, school room in clean condition and in good state of repair.

When such schools are found, a metallic placard will be placed over the door bearing the information that it is a first grade rural school.

It will be seen that the most important requirement is a teacher who has a three-year certificate, and it is expected that this will have a tendency to increase the efficiency of the teacher, and incidentally be an inducement for better salary.

Supt. Allen reports the schools moving forward very nicely, and with ever increasing smoothness as the teachers and pupils become more accustomed to the new order of things.

The smallest school in the county is in Marion township, where there are three pupils. Later on steps will probably be taken to consolidate the weak schools and decrease the cost of conducting the schools of the county.

## WAR ON SHACKS IN AVONDALE

A. P. Shalley, the man who laid out Avondale addition in the eastern part of the city, has declared war on shacks in that addition, and, under provision eleven in the contract with the property owners of that addition, has ordered a number of shacks removed, and others improved so that they will present a better appearance and not retard the growth of the addition.

The article under which the order was issued reads:

"Eleventh: It is further agreed that the deed to be executed for said real estate shall contain the following provision: 'It is expressly agreed and understood by the parties to this instrument, and this deed is made upon the express condition, which shall run with the land, that the total value of any improvements placed upon said premises hereby conveyed, by the said purchaser, his heirs, assigns or lessees, shall exceed Five Hundred Dollars; that no portion of any structure erected upon said premises, save an open porch or veranda, shall be distant less than 20 feet from the street line in front of said premises.'

When Mr. Smalley returned to this city a few days ago and took a look at some of the buildings erected on lots in Avondale, he got busy and ordered several buildings torn out completely, and others remodeled to such an extent that they will hardly resemble the present structures.

In addition to endeavoring to keep the buildings up to the required standard, Mr. Smalley has made arrangements for constructing a five-foot concrete walk on Olive street, from Columbus avenue to Florence street, and on both sides of Florence street the entire length.

Also 100 shade trees are to be added to Avondale this fall, and other steps taken to beautify that part of the city.

## OPEN AIR MEETINGS ON COURT HOUSE LAWN

Open air evangelistic services will be conducted, under the auspices of the Committee on Evangelism, at the Court House square, each evening during the session of the Ohio Conference, beginning at 6:00 o'clock p. m.

All ministers of the Conference and the general public are earnestly and cordially invited to co-operate in making this series of meetings a grand success. The program will consist of good music, short sermons, addresses, prayers, testimonies, interspersed with songs.

The meetings will not be sectarian, but broadly evangelistic, and conducted for the salvation of souls, and the building up of the cause of Christ. Shop men and all laboring men are specially invited.

## DRAWS \$50 AND STANDS COMMITTEED

Robert Morton, colored, arrested Saturday night for furnishing intoxicating liquors was fined \$50 and the costs, Wednesday morning, when taken before Mayor Coffey, and ordered committed to the workhouse until the fine and costs are paid.

The man promised to obtain the amount, and was released to do so, but if he fails, it is the intention of Mayor Coffey to send him to the workhouse.

Morton recently moved to this city from Kentucky, and claims that he was not accustomed to the laws in this state.

## QUARTET DELIGHTS AUDIENCE LAST NIGHT

Those who availed themselves of the opportunity of enjoying the entertainment given by the Metropolitan Grand Quartet at Grace church, Tuesday night, were delighted with the entertainment, and the quartet was liberal in its response to repeated encores.

The audience was a small one considering the high class of the entertainment, and many pronounced the quartet equal to any ever appearing in this city.

The individual work of Messrs Thomas Wade Lane, basso, and Chas. L. Neth, lyric tenor, was particularly pleasing. The dialect numbers rendered by Mr. Lane made a decided hit and he was recalled again and again.

The splendid concert work reached a climax in the particularly beautiful rendition of the "Sextette from Lucia", the closing number.

## THIRTY-TWO CASES AS MANY CONVICTIONS

The record in bootlegging cases during the first nine months of Mayor Coffey's administration, is a remarkable one.

Out of 32 bootlegging cases filed, the same number of convictions has resulted, and not a single case has failed for lack of evidence. Catching a bootlegger "with the goods" is hard

work, but in each case the evidence has been so conclusive that there was no escape for the accused, and as a result many violators have been brought to justice, and the coffers of the city enriched by a big sum in fines.

## MISSIONARY CONVENTION

The annual convention of the Fifth District, Ohio Christian Missionary Society and Christian Woman's Board of Missions will be held at Bowersville Thursday and Friday of this week. The district comprises Fayette, Clinton, Greene and Clark counties, including about 20 churches.

The convention program covers the whole range of church life and work and the personnel of the program is made up of representatives of the churches of the district and of the state missionary organizations.

A special car will leave here on the D. T. & I. Thursday, 12:30 p. m.,

## In Social Circles

Friends of the groom in this county are in receipt of the following:

"Mrs. Antoinette Jarus announces the marriage of her daughter, Miss Caroline to Mr. James G. May, Cleveland, O., September 10th, 1914."

Mr. May is a son of Dr. and Mrs. John May of New Holland and a brother of Mr. Chas. H. May of this city.

Dr. May and wife gave a family dinner last Sunday at their residence in New Holland complimentary to the bride and groom.

Mr. May is in the advertising department of the Cleveland Press and is making good; he and his bride were entertained last night by Mr. and Mrs. Chas. H. May enroute to their home in Cleveland.—Circleville Herald.

The social column of The Chillicothe Advertiser announces that the wedding of Mr. Frank A. White, Jr., and Miss Elizabeth Dwinell, will take place September 24th at 7:30 at the bride's home.

Informal notes have been issued to friends and relatives.

Miss Chloe Brock charmingly entertained thirty of the Loyal Sons and Loyal Daughters of the Christian church Tuesday evening in honor of the following young men who are leaving for college:

Messrs. Ed Williams, who goes to Ohio State; Melwood Hostetter, Beathany College, West Virginia; Wilbur Kier, Phillips Bible Institute, Canton, O.; Dorral Flint, Berea College, Kentucky; Ellis Spray, Illinois College.

During the evening impromptu entertainment was furnished by the guests, features of which were a reading by Rev. Hostetter; male quartet, Messrs. Fellus, Snyder, Davenport and Hostetter and a reading by Miss Ethel Spray. In a guessing contest Mr. Donal Flint and Miss Amy Kier won the prize.

Delicious refreshments were served

## ATHLETICS LEAVE ON TOUR THURSDAY

Will Visit Logan, Straitsville, Crooksville, Bellefontaine and Perhaps Other Places—Party Includes 12 Men, Several of Them New to Local Lineup.

The Washington Athletics leave Thursday at 5:05 over the B. & O. on their barnstorming tour, their first stop being Logan. By automobile they will immediately proceed from Logan to Straitsville where they play their opening game Thursday afternoon. Friday they will play at Crooksville and, returning to Logan, will play two games there—Saturday and Sunday.

These last two games are expected to be the stiffest of the trip, and the state semi-pro. championship depends on its outcome. Logan played here recently and in two games won one. In both, Washington demonstrated clearly its superiority over the other team, and the Athletics enter into the clash for final honors confident of victory.

Monday they will move on to Bellefontaine where they play Monday afternoon. This is the end of the schedule as now prepared, and if no other games are added to the list the locals will return home Monday evening.

The Athletics will carry twelve men and among them are several, strange to Washington, but old-timers in the field. Among the pitchers is Os DeLotel, formerly on the twirling staff of the Richmond team of the Virginia State League. DeLotel

is a clever slabsman and is counted on as one of the strong points in the Athletic line-up. Scott Ross, of Columbus, a strong southpaw tosser, is included in the staff and will switch with DeLotel and Cotterill. Reno and Linson will not accompany the expedition. The other members of the party are Hagerty and Woods, catchers; Adams, 1b; Runnels, 2b; Corwin, ss; Fowler, of Columbus, 3b; Underwood, Columbus, Irvin Ross and Noon in the outfield.

## HUMANE SOCIETY HOLDS MEETING

A meeting of a number of members of the Fayette County Humane Society was held Tuesday night, and business of importance was taken up. Owing to a number of other meetings in the city the attendance was not as large as desired, and another meeting will be held in the near future.

The report of Humane Officer Gooderl indicates the broad extent of the work, scores of cases being settled without going into court, with splendid results.

A movement to increase the membership of the society will be launched in the near future.

The youngster glanced rapidly at his grimy little hands and instantly replied: "They ain't sticky—they're jest sweaty!" He was released.

## WILL COMPLETE DEPOT NEXT MONTH

Mr. M. V. Hines, superintendent of the C. H. & D. railroad, was in this city Tuesday afternoon giving his attention to matters in this city, and particularly to the construction of the new freight depot west of Main street.

Some delay has resulted in the work owing to the inability of the road to obtain some of the important material for the depot, but this difficulty has been overcome, and it is announced that by November 1st the new depot will be occupied.

The depot itself is to be 120 feet in length, and the platform will extend an additional 180 feet, offering facilities capable of taking care of all ordinary business in very good condition.

# AUSTRIAN ARMIES CAUGHT IN TRAP?

Pushed Back Across Frontier  
and Between Two Rivers.

## RUSSIAN FORCES ADVANCING

Fortress of Przemyśl Now Being Approached by the Army That Captured Lemberg—Servians and Montenegrins Report Successes—Russians Compelled to Withdraw from East Prussia.

London, Sept. 16.—The Russians are said to be continuing their successes in Galicia and Poland. The armies of General Dankl have been driven back across the frontier, which they crossed while the Russians were advancing on Lemberg, and are now, according to St. Petersburg reports, in the angle between the rivers San and Vistula, a trap into which the Russian troops had been trying for some days to drive them. Their flanks are supported by the fortresses of Cracow and Przemyśl.

Przemyśl is being approached by the Russian army which captured Lemberg and which will now operate against the right wing of General Dankl and Von Auffenberg. Meanwhile the Russian army is free to move west toward Thorn, Prussia.

town of some 27,000 inhabitants on the right bank of the Vistula, twenty-six miles southeast of Bromberg, and General Rennenkampf can look for reinforcements for his army which had to fall back with the German advance in East Prussia.

The Russians won their victories in Galicia and Poland not only because they had a superior force, but because their artillery was superior to that of the Austrians.

St. Petersburg hopes that when General Rennenkampf gets his reinforcements he will be able to defeat the Germans. Military men are most anxious to see how the Russians compare as fighting men against the perfectly trained Germans.

The Servians and Montenegrins, according to a Rome dispatch, after the capture of Visegrad, Bosnia, by the Servians and of Patachia, Bosnia, by the Montenegrins, joined forces and are now advancing along the entire front. All these troops are veterans with long fighting experience and are expected to give a good account of themselves.

The Russian general staff has said nothing about the fighting in East Prussia, except that the Russians were compelled to withdraw before superior forces. The Germans, however, claim another big victory for General Hindenburg's army in the fighting which raged for four days over the entire front. They say that the Russians lost heavily, especially in the battle at Lyck, nine miles north of the Russian frontier, while the German losses were inconsiderable.

## ADOLPHE MAX EARNS RESPECT OF GERMAN ARMY IN BRUSSELS.

Adolphe Max is the heroic burgo-master of Brussels. By his firm stand in preventing the citizens of the city from sniping at the Germans after the capture of the city he earned the respect of the invaders. When the Germans were advancing on the city many of the populace wanted to rush to arms and defend the city, but Max saw the futility of this and stood firmly for a peaceful surrender, thus saving thousands of lives and preventing a sack of the city.

# FREIGHT TAX IDEA GIVEN UP

Directs Underwood to Draft a  
New Revenue Bill

Washington, Sept. 16.—By unanimous vote the Democrats of the house, in a party caucus, adopted a resolution rejecting the proposed freight tax that was embodied in an emergency revenue bill adopted last week with the approval of the president by the majority members of the committee on ways and means. The caucus directed Chairman Underwood and his associates on the ways and means committee to write a new revenue bill. This bill is the third that has been framed by the Democrats since it was decided to raise additional revenues to make up the deficit in customs caused by the war.

The caucus was a rather tame affair. Representatives of the administration drafted a bill that was readily accepted at the caucus. The measure was written, or at least outlined in the main, at a conference held at the White House, in which the president, Representative Underwood and Senator Simmons, chairman of the senate finance committee, took part.

## Hartman Theater

### WEEK OF SEPTEMBER 21ST.

No announcement could be of greater interest to Hartman theatre patrons, that of the coming of "Potash & Perlmutter", which will appear at that play-house on Monday Tuesday and Wednesday, September 21, 22, 23, with matinees Wednesday. "Potash & Perlmutter," one of the cleverest comedies of recent years, was adapted from the Montague Glass stories in The Saturday Evening Post. No play within the memory of the oldest theater-goer made a quicker or greater hit in New York than this delightful dramatization of the joys and sorrows, trials and triumphs of the two quaint, lovable partners who are business men to the tips of their fingers, but soft-hearted to a fault. Abe and Morris are seen first in their modest downtown factory and salesroom on the verge of bankruptcy because a rival firm has employed a prize designer. How Abe and Morris secure this designer and then, when on the way to a fortune, risk their all to save from unjust imprisonment a poor young Russian refugee; how they get out of their difficulties while Morris wins the designer and Abe gets a fine son-in-law; how the partners quarrel and make up, and again and make up again and again is told in three acts that fairly teem with laughs, although at times the tears will come to the eyes of the audience. It is the wonderful heart-interest of "Potash & Perlmutter" that accounts as much as anything else for its wonderful grip on the public. It is intensely human, intensely true.

Mr. George Arliss in "Disraeli" is the treat to be given theatre-goers of this vicinity when Mr. Arliss is seen at the Hartman theater, Columbus, Friday and Saturday, September 25th and 26th, with matinee Saturday. "Disraeli" is Mr. Louis N. Parker's most successful comedy, based on the brilliant stroke whereby Lord Beaconsfield, in 1876, secured the Suez Canal for Great Britain. The

## LATEST ROLL GIVES WRECK 27 VICTIMS

St. Louis, Sept. 16.—A fast passenger train of the Frisco line sped around a curve two miles east of Lebanon, Mo., in the darkness and plunged into a lake of water gathered from a cloudburst. A smoking car and a chair car, both crowded with sleeping people, toppled off the boggy tracks and rolled into deep water at the foot of an embankment. Twenty-seven persons were drowned. Most of them were in the chair car, which sank completely out of sight. The smoking car came to a stop on its side. It was not entirely submerged. There was scarcely a fighting chance for the men, women and children trapped in the chair car. At the point where the accident occurred the tracks run over a 12-foot hill. Rain had fallen in such quantities during the previous hours that water had risen to the level of the tracks.

Mrs. Elizabeth Rostetter of Alliance, O., is among the dead.

# MEXICANS AGAIN RULE VERA CRUZ

Wilson Orders Withdrawal of  
Troops From Vera Cruz.

## PRESENCE HELD UNNECESSARY

President's Act Will Facilitate Efforts of the Head of the Constitutionalists to Establish a Stable Government in Mexico—Occupation of Vera Cruz a Thorn in the Side of the Carranza Regime.

Washington, Sept. 16.—Announcement was made by President Wilson that he has ordered the withdrawal of the United States forces from Vera Cruz. The withdrawal will take place just as soon as arrangements can be made for the delivery of the city to the properly constituted Mexican authorities.

The president's statement on the subject was limited to the following: "The troops have been ordered withdrawn from Vera Cruz. This action is taken in view of the entire removal of the circumstance which was thought to justify the occupation. The further presence of the troops is deemed unnecessary."

President Wilson's decision to withdraw the American forces from Vera Cruz was based on a report from Paul Fuller, the New York lawyer, who succeeded John Lind as special agent of the president in Mexico and who left for the United States last week after several days of conference with

General Carranza at Mexico City. Mr. Fuller reported that the withdrawal would greatly facilitate the efforts of Carranza to establish a stable government in Mexico.

The immediate effect of the president's act will be to leave Carranza free to conduct the reorganization of Mexico without any restraint, and to put him in possession of one of the most important points in all Mexico. The continued occupation of Vera Cruz by the American forces has been a thorn in the side of the Constitutionalists and the prestige of Carranza was threatened if he did not succeed in bringing about the withdrawal of the American forces. His generals already had initiated a movement to bring pressure upon Carranza to demand the removal of the American forces. It was believed that unless the United States acted voluntarily, Carranza, in order to maintain himself at home, would have to make concessions to the pride of the Mexicans and send a demand to the Washington government which he would prefer not to present. President Wilson realized the likelihood of this development and apparently has moved to forestall it.

## FRENCH ATTACKS MEET REVERSES

London, Sept. 16.—The following German official statement by Marconi Wireless has been received here: "The right wing of the western army is engaged in heavy fighting, the result of which at present has not been decided. An attempt on the part of the French troops to break through has been victoriously repulsed. Otherwise no result has been achieved anywhere. The Austrian troops have repulsed the Servians all along the line of the river Save, and there is now no danger with regard to Semlin."

## RAILROADS FILE PLEA

Washington, Sept. 16.—All the railroads in official classification territory—those traversing the United States east of the Mississippi and north of the Ohio and Potomac rivers to the Atlantic seaboard—united in a petition which was filed with the interstate commerce commission asking that they be permitted to make effective a 5 per cent increase in freight rates. This amounts to a request for the reopening of the 5 per cent case decided by the commission a few weeks ago. The railroads base their petition on the decreases shown in the operation of the roads. The petition was filed by Daniel Willard, chairman of the railroad presidents' committee.

## COLUMBUS SELLS TWO TO NATIONALS

Columbus, Sept. 16.—The Columbus American Association club announces the sale of Manager William Hinchman, outfielder, and Shortstop Walter Gerber to the Pittsburgh National League club. Pitcher Cook has been drafted by New York Giants.

## RED CHIEF SUSPENDED

Cincinnati, O., Sept. 16.—Manager Charles Herzog of the Cincinnati National League club has been indefinitely suspended by President Tener of the National League for disputing a decision of the umpire in a game played here last Sunday.

Now Canada Got Its Name.

The origin of the name Canada is strange enough. The Spaniards visited that country previous to the French and made particular search for gold and silver, and finding none, they of ten said among themselves, "Aca nada," meaning "There is nothing here." The Indians, who watched closely, learned this sentence and its meaning. Later on the French arrived, and the Indians, who wanted none of their company and supposed they had come on the same errand as the Spaniards, were desirous to inform them in the Spanish sentence "Aca nada." The French, who knew as little of the Spanish language as they, supposed that the incessantly recurring sound was the name of the country and ultimately christened it Canada, which it has borne ever since.

## RESIGNATION ACCEPTED

New York, Sept. 16.—Frank Chance has severed his relations with the New York American League club. President Frank Farrell accepted the resignation of Chicago's former idol at the face value of the "peerless leader's" earlier proposition by letter. The executive paid in full the year's salary and gave his former manager a month's leave of absence in return for the abrogation of a 1915 contract. Roger Peckinpaugh, who acted as captain under Chance, was appointed temporary manager of the club.

## MONEY VALUE OF SMOKE.

Over Half the Heat Energy of Coal Goes Up the Chimney.

To the engineer the smoke rolling and billowing out of the power house chimney is just like so many dollars taking wings from the company's strong box. The smoke escaping from a steam plant is composed of nearly 60 per cent of the heat energy of the coal which is being burned.

This energy is lost in the tiny particles of coal and carbon which escape up the chimney in the various gases which are freed before they are burned in the heated air and in various other ways. So, for every \$10 spent for coal \$6.50 is lost up the chimney.

Assuming that the energy of coal is 100 per cent, only 2 per cent of this is available in the form of light when you snap on the electric lamps. Nearly 99 per cent of the original coal energy is lost in transmitting this energy into heat, from heat to steam, from steam to electricity and in transmitting the electricity to your home.

The efficiency of the electric lamp is only 5 per cent—in other words, the lamp turns into light 5 per cent of the energy it receives and wastes 95 per cent of it in useless heat.—New York World.

## Poetry and Poverty.

Writing of Poets' Corner, W. J. Lof tie, in "Westminster Abbey," comments on the frequent and pathetic alliance between poetry and poverty. The first of the poets laid here, Chaucer—who dwelt in a house in the monastery garden known as "The Rose"—"fell into poverty in his old age." Spenser, according to Drummond of Hawthornden, "died for lack of bread" in King's street, Westminster. Ben Jonson "died in great poverty" in a house on the north side of the abbey, near St. Margaret's. Dryden is another immortal to whom the same fate attaches; also Butler of "Hudibras" fame. Chaucer's house was demolished to make way for Henry VII's chapel. His gray marble tomb dates only from 1555. Though so late in erection, it is good to recall that the tomb was the gift of a brother poet in happier material circumstances, Nicholas Brigham.

## Compensation.

King Alfonso is very English in some of his expressions. For instance, he was discussing with a well known British peer the difficulties and dangers of kingship.

"So you think, sir," remarked the peer, "that it is rather a thankless task being a king?"

"It is rather difficult work at times," replied his majesty with a grin, "but it is deemed well paid!"—London Globe.

"Jim, you bettah come here an' help me. I's talkin' up fer you."

"How's dat?"

## SHOES SPOIL OUR FEET.

That is Why So Few Persons Have Perfect Pedal Extremities.

A person with normal feet is very difficult to find. In fact, the doctors inform us that foot trouble is endemic in the United States, as well as in every enlightened country on the globe. The cause of this condition and the vast suffering which it entails is the unhygienic shoe.

A thousand Porto Ricans whose feet had never been shod were examined. Not a single diseased or deformed foot was found among them. A San Francisco surgeon, in commenting on this fact, declares that among a thousand shoe wearing Americans there is hardly one with normal feet.

The trouble is that the vast majority of our shoes are improperly constructed. The fashionable shoe seems built to force the foot into shapes which, however slightly, are nevertheless abnormal. That worn by the masses is equally inimical to foot health, for the reason that it is constructed with very little reference to the lines of the foot and without effort to adjust it to the normal movements of that member.

The medical man presents the moccasin as the most wholesome foot covering yet devised, but very few are sanguine enough to hope that fashion will permit its general use. Next to the moccasin, so we are told, is the shoe that not only permits the foot to perform its normal functions undimpeded, but strengthens it when in use. This is the shoe that, instead of pinching the foot or forcing it into abnormal shapes or positions, actually fits it.—Boston Herald.

## NOW, GENTLEMEN, RUN THE CARS

By Associated Press.

Columbus, Ohio, Sept. 16.—The Supreme Court today refused to grant a stay of execution asked by the Hocking Valley Railway Company from the orders of the State Public Utilities Commission, demanding the re-establishment of electric train service between Jackson and Hamden, Vinton county. The Public Utilities Commission had ordered the company to re-establish the service.

## HEADING FOR METZ

By Associated Press.

Washington, Sept. 16.—An official dispatch today, to the French Embassy on Bordeaux, says:

"On our left wing, yesterday, the Germans resisted north of the river Aisne on a line formed by the forest Laigne and the Craonne.

"At the center, their line of resistance yesterday was north of Rheims and the camp of Chalons, toward Vienne (town at western border of Argonne). The hostile forces south of the Argonne have accentuated

their movements, retreating between the Argonne and the river Meuse. They were holding, yesterday evening, a front at Varennes and Consenvoye. On our right wing the Germans are retreating toward Metz."

Paris, Sept. 16.—The Petit Journal prints a telegram from Berlin, via Copenhagen, stating that the German Emperor will proceed to East Prussia and assume chief command against the Russians.

Tuckerton, N. J., Sept. 16.—The big wireless station here, one of the two plants in the United States in direct touch with Germany, was closed today. The generator broke down.

## REMARKABLE RECORD IN FILLING SILOS

Horace W. Wilson and sons made a remarkable record during the past week in filling their silos, preparing to feed a large number of cattle this winter.

In the one week they put up 640 tons of ensilage, a feat which is creating quite a good deal of comment among Fayette county farmers, many of whom supposed it to be impossible.

## OPENING SESSIONS OF THE OHIO CONFERENCE

(Continued from Page One.)

Continuing, Dr. Cherington said: "The pastors of the district have reported more than 1500 additions to the churches during the year. The largest ingatherings have been in the following charges: Washington C. H., South Salem, our two Chillicothe churches, Williamsport, Wellston, Omega, Bloomingburg, Richmond Dale, Adelphi, Bowersville, Jeffersonville, Orland, New Holland, Waverly and Mt. Sterling. A good revival spirit has prevailed throughout the district and many charges that have not had large ingatherings have been blessed by the pentecostal spirit, and by increased devotion in all the work of the church. Over against our large number of additions there have been some subtractions by death and by removals, while there are always some people, who have forsaken us, having loved this present world."

"The reports of the pastors indicate that we have now in the Chillicothe District, about 1250 subscribers to the Western Christian Advocate. While we have not at hand the final reports of the pastors to the Conference treasurer, we have made careful inquiry of the pastors in the quarterly conference, and their responses indicate to us that our benevolent collections will be fully up to the highest standards of the past, and we have strong hope that they will show an encouraging advance."

"We desire to note, as briefly as we can, some of the facts concerning the progress of our district during the past six years, in pastoral support, and in church buildings and improvements."

"During this period over and above the use of the parsonage, the cash salaries of the pastors have been increased in the charges as follows: Adelphi from \$800 to \$1050; Andersonville, \$600 to \$700; Bloomingburg \$800 to \$900; Trinity church, Chillicothe, \$1400 to \$1700; Clarksburg, \$900 to \$1000; Denver, \$400 to \$500; Frankfort, \$850 to \$1000; Good Hope, \$900 to \$1000; Jeffersonville, \$850 to \$950; Kingston, \$900 to \$1000; McArthur, \$750 to \$800; Milledgeville, \$500 to \$600; Mt. Sterling, \$850 to \$1100; New Holland, \$900 to \$1000; New Plymouth, \$650 to \$700; Richmond Dale, \$800 to \$1000; Sedalia, \$800 to \$900; South Salem, \$600 to \$750; Tarlton, \$800 to \$900; Washington C. H., \$1500 to \$2000; Waverly, \$800 to \$850; West Holland, \$700 to \$800; Williamsport, \$1000 to \$1100. This makes an aggregate of \$3250 increase in the cash salaries of the district, and this increase is in 23 out of the 35 charges. About five-sixths of our charges are circuits, and since we have so much circuit work, it is a great pleasure to report this increase in the support of our devoted circuit pastors. We now have 10 splendid circuits that give their pastor a cash salary of \$1000 or more, while many other circuits have lifted their standard and are giving much more comfortable support to their pastors than in the earlier years."

We can note a few of the more marked improvements in our church property, including our new church buildings. Adelphi has made parsonage improvements to the extent of \$800, and the new church building at Laurelville has been built and paid for at a cost of \$5500.

"Bainbridge has paid a debt of \$2500 on the church and parsonage, and has spent \$600 on improvements; Bloomingburg charge has spent \$500 for improvements on the church at Madison Mills; Walnut street church, Chillicothe, has paid off the last dollar of indebtedness on the new church building, and has spent a large amount on church and parsonage improvements."

"Trinity church, Chillicothe, has paid its debt of \$13,000, and has sold the old parsonage which was far away, and has bought a splendid new parsonage near to the church."

"Denver circuit has built a comfortable parsonage, and has it mostly paid for."

Frankfort has improved its church property to the extent of \$1500.

"Good Hope has spent \$3500 in church and parsonage improvements. Hamden has built and paid for a beautiful church at a cost of \$7500. Kingston has spent \$1500 on improvements of the church and parsonage."

"McArthur has finished its basement, and otherwise improved its property to the amount of \$2000."

"Milledgeville circuit has built two new churches. The church at Edgefield was burned to the ground on February 15th. By the push and generosity of the people, inside of seven months, a beautiful new church has been built, and its indebtedness provided for, and it was dedicated by the district superintendent and the pastor last Sunday. It should perhaps be mentioned that Brother McKay, the supply pastor of this circuit, is the only pastor in Chillicothe district, who has remained in the one pastorate during the six years of the district superintendency now closing. Three pastors have remained five years; several have remained four years, but only one six years. Also on the Milledgeville circuit, a new church has been built, in the village of Octa. This was the one wet village left in Fayette county for several years. This county had to have a county vote to put the saloon out of this one little village. But when the saloon goes, the church comes; and our people at once started a church and Sunday school there, and now we have a beautiful church awaiting dedication in the once wet village of Octa, that was for a time the only wet spot in this beautiful dry county in which our conference meets today."

"Quite an amount of money has been spent in the improvements on the church and parsonage at Tarlton. Waverly has paid off the parsonage debt, and has spent several hundred dollars in church improvements. South Salem has built and paid for a good new church at a cost of \$5,000."

"Wellston has enlarged and improved its church building, at an expense of \$2500."

"Williamsport charge has spent this year on church improvements \$2500."

"New Holland has built and paid for a \$20,000 church. It has also improved the parsonage to the amount of \$500. Extensive improvements have been made on the church at Atlanta."

"Mt. Sterling has built and nearly paid for a fine large modern church at a cost of \$22,000."

"Washington C. H. has built a fine modern parsonage at a cost of \$9000, and has recently relighted, recarpeted, refrescoed and otherwise improved at a cost of \$5,000, this beautiful church building in which we meet today."

"In conclusion, we give thanks to our Father, for the health and strength that he has given us, for the multiplied labors and travels of these six happy years now closing."

"We give thanks to our brothers and sisters of the ministers and laity, for their multiplied kindnesses, that have so brightened all our way with help and good cheer."

"We make our best bow to the Methodist Almanac while we trust that our labors on Chillicothe district may be accounted worthy to be recorded in 'the book of God's Kingdom.'"

The afternoon session opened at two o'clock with the Epworth League anniversary, Rev. N. C. Patterson, presiding, and with a very interesting address by Rev. S. K. Arbuthnot, D. D., pastor of the First Church, Parkersburg, W. Va.

At press time Rev. D. W. Howell, D. D., was speaking.

# Decisive Battle Now Raging Along Aisne

Allies Pressing The Germans Very Hard, but Both Sides Claim Points--Austrian Losses Continue to Grow and Germany May Have to Fight Unaided--Latter Issue Statement Disclaiming Any Fear As To Outcome.

## AUSTRIANS SUFFER 40 PER CENT LOSS.

By Associated Press.

London, Sept. 16.—A dispatch to the Express from Rome states that the two Austrian armies commanded by Generals Dankl and Auffenberg have joined forces at Rzesow, 32 miles due north of Przemyśl. In the course of this operation, the dispatch says, they lost 40 per cent of their numbers.

## GERMANS FEEL SURE OF SUCCESS.

Berlin, Sept. 16.—The German general staff announces that the situation on the west front is still "favorable". It declares that the French and English have at no place, on the whole battle front, won a victory and that the Germans can look with confidence to the outcome. Other than this no news is obtainable regarding the progress of operations.

## KAISER'S ARMY ON THE DEFENSIVE.

Paris, Sept. 16.—According to official announcement made this afternoon the German army is fighting a defensive battle along its front from Noyen to a point north of Verdun.

## ADMINISTERS DEFEAT TO THE SERVANS.

Vienna, September 16.—General Hofer, deputy chief of the Austrian general staff, announced today that the Servian army, which crossed the river Save into Hungary, had been defeated along its entire line and that Szerem, in Slavonia, and Banat were now clear of the enemy.

Petrograd, September 16.—The following summary of the recent fighting in Galicia, from the Russian point of view, has been made public in Petrograd through semi-official channels:

"Russian troops are pursuing the Austrians with energy and the defeat of the enemy continues. Certain Austrian army corps have been virtually annihilated. Russian forces have passed the river San.

"The eastern Russian advance guard is approaching Przemyśl. The rapidity with which military operations are being conducted has made it impossible to determine accurately the losses of the enemy, but it may be said that they are becoming colossal.

"According to such information as has come to hand, the Austrians have lost in the neighborhood of 250,000 men, in killed and wounded, this in addition to 100,000 prisoners, 400 pieces of ordnance and a number of standards. In all directions the roads are crowded with artillery and transport wagons which have been abandoned en masse during the retreat of the enemy."

By Associated Press.

London, September 16.—The second great battle in northern France since the southbound sweep of the German invaders, met its check, is now apparently in progress to the northward of the river Aisne. The opposing lines are arrayed on the Argonne hills through Rethel to Poiry.

Whether the Germans propose to fight to a finish, or their positions are planned merely to cover their retreat to the river Meuse is not yet clear, but the German commanders are showing the same skill in retreating and the same skill in keeping their forces intact as the allies showed a fortnight ago. The German rush into France and back, thus far has brought no decisive results. The allies, for a moment, have retrieved their perilous position, and have turned the tables on the invaders, but the next move is with the Germans. The battle—for it seems nothing less—

in the Austrian army means that Germany will have, more and more, to rely mainly on herself. What new forces Germany can put into the campaign in the western area must henceforth depend in a great measure upon how far she can neglect the Russian movement on Breslau.

The Official Press Bureau today gave out a statement which says: "The general position along the Aisne river continues very favorable. The enemy has delivered several counter attacks, especially against the first army corps. These have been repulsed and the Germans have given way slightly before our troops and the French armies on our right and left. The enemy's loss is heavy and we have taken 200 prisoners."

By Associated Press.

Washington, September 16.—The Belgian commission, which comes to protest against alleged German atrocities in Belgium was received in the East Room of the White House today

by President Wilson. Accompanied by Minister Havenith, the commissioners assembled at the State Department just before 2 p. m. and were received by Secretary Bryan, who then took them over to the White House. President Wilson said to the commission:

"Permit me to say with what sincere pleasure I receive you as representatives of the King of the Belgian people, for whom the people of the United States feel so strong a friendship and admiration, a king for whom they entertain so sincere a respect, and express my hope that we may have many opportunities of earning and deserving their regard. I thank you for the document you have put in my hands, containing the result of an investigation by a judicial committee, appointed by the Belgian gov-

ernment to look into the matter of which you have come to speak. It shall have my most attentive perusal and my most thoughtful consideration."

# OPENING SESSIONS OF THE OHIO CONFERENCE

Nearly 250 Ministers Attend Opening Session of 103rd Meeting of Ohio M. E. Conference.

## PART OF MORNING DEVOTED TO BUSINESS

Dr. A. M. Courtenay Delivers Memorial Address, and Also Makes Report for Columbus District—Dr. Cherington Makes Report Showing Splendid Condition in Chillicothe District—Receives Handsome Remembrance.

Wednesday morning witnessed the opening of the 103rd session of the Ohio M. E. Conference at Grace church in this city, with Bishop Wilbur P. Thirkield presiding, and with more than 200 ministers in attendance.

Bishop Thirkield briefly addressed the assembled ministers, and after prayer, the Holy Communion was impressively carried out, Bishop David H. Moore, the six superintendents and Rev. F. E. Ross, assisting Bishop Thirkield in administering the sacrament, between 400 and 500 partaking of the sacrament.

Following the roll call and the response of about 225 ministers, Rev. A. M. Courtenay, D. D., delivered the memorial address, paying beautiful tribute to the late Isaac B. Bradrick, Geo. A. Marshall, Joseph G. Tedrick, LeRoy B. Sparks, and six members of ministers' families.

Conference business was then taken up. Two district superintendents made reports—Dr. W. D. Cherington, and Dr. A. M. Courtenay. Following Dr. Cherington's report, Rev. F. E. Ross, in a very neat speech, presented to Dr. Cherington on behalf of the pastors of the Chillicothe district, a very handsome traveling bag, with toilet set. The surprised minister replied, thanking the donors for their show of appreciation.

Dr. W. D. Cherington, superintendent of the Chillicothe District, was the first superintendent to report. His report was prefaced by the following address of welcome:

"It was our privilege a year ago to welcome the Ohio Conference to Chillicothe. It is our privilege today to extend the welcome of Washington C. H. to the noble and loyal three hundred men of God, who labor as ministers in the fields of the Kingdom, within the boundaries of the Ohio Conference.

"The Chillicothe district is highly favored in having within its territory, these two successive sessions of our annual conference, and we are certain that the inspiration of them,

will abide in blessing upon our local churches.

"Our beloved resident bishop, William F. Anderson, who presided over us a year ago, is now across the sea, detained in his journeys for God and the church by a continent-wide war. May the everlasting arms be underneath him, and the presence and guidance of the Holy Spirit make safe, bright and blessed, all his travels.

"We welcome most heartily our beloved presiding bishop, Wilbur P. Thirkield, who comes to us for the first time in this high office. A goodly number of this conference have known and loved him for many years. To others he comes as a stranger. But he will easily win his way to all hearts, and will prove himself to be a beloved brother to all.

"There is one royal prelate of the church, who is always our bishop. Independent of all General Conference relations, and independent of all Episcopal plans, our residing, and presiding, and confiding and always love-abiding bishop, is David H. Moore. He holds our perpetual welcome, and our ever ascending prayer for the richest blessings of our Father's love.

"Our honored and loved retired ministers, all the active members of our conference, our supply pastors, and all the multitude who are drawn to this conference by their love to our Zion and to our God, have the most cordial welcome of this church, this city, and this district, while we pray for the Divine blessing and approval upon our united labors."

Dr. Cherington spoke of the fact that all ministers had been in good health during the past year, and that the relations had been of the most pleasant and harmonious.

Words of consolation were offered to Rev. Charles E. Hill, of Mt. Sterling, in the sad death of his wife and child. In connection with their death Dr. Cherington said:

"We were in the Mt. Sterling parsonage a few days before, and talked over the plans of this mother and daughter, to go in the near future on a visit to their loved ones, in the beautiful sunset land of our country. And little Mary Virginia said, 'Mamma couldn't go without me!' But in such an hour as they thought not, they went together across to God's immortal sunrise country; and as we laid them down to rest, side by side, and covered them over with flowers, we could still hear little Mary Virginia's voice saying: 'Mamma couldn't go without me!' May our brother and his children be in God's care and comfort, and may all our itinerant households be complete in God's reunion country."

War Revenue Bill as Reframed Today Drops Freight Tax and Imposes Burden Other Ways — Tobacco Dealers Public Exhibitions, Circuses, Brokers, Checks, Telephone and Telegraph Messages, Receipts, Insurance, Etc., Are Taxed.

By Associated Press.

Washington, September 16.—As agreed upon by the democratic caucus and administration leaders, the war revenue bill was reframed today to eliminate the freight tax and provide special levies in addition to wine, beer and gasoline taxes previously agreed on. It will tax banks with capital and surplus not exceeding \$25,000, \$50 a year, and \$2 for each additional \$1,000; stockbrokers, \$50; pawnbrokers, \$20; commercial brokers, \$20; custom house brokers, \$10; proprietors of theaters, museums and concert halls, \$100; circuses, \$100; public exhibitions, \$10; bowling alleys or billiard halls, \$5 per alley or table; dealers in leaf tobacco, \$6 to \$24, according to volume of business; dealers in tobacco, \$12; manufacturers of tobacco and cigars, \$6 to \$24.

The stamp tax proposed, subject to probable revision, by the committee, are in detail as follows:

Bank checks, 2 cents; drafts, 2 cents for each \$100; certificate of deposit, 2 cents per \$100; promissory notes, 2 cents for each \$100; money orders, 2 cents per \$100; express receipts, 1 cent; freight receipts, 1 cent; telephone messages, costing 15 cents or more, 1c; bonds, 50 cents; certificates of damages, 25c. The certificates of nearly all documents such as broker contracts, etc., run from 25c to 50 cents; telegraph messages, 1 cent; life policies, 8 cents on each \$100; marine, inland, fire, casualty, fidelity, etc., one-half of one per cent; mortgages, 25c for each \$1500; leases, 25 cents to \$1.00; power of attorney, 10 cents to 25 cents; protest, 25 cents; warehouse receipts, 25 cents.

## THREE VICTIMS STILL UNKNOWN

By Associated Press.

St. Louis, September 16.—All but three of the 27 persons who perished in the wreck of the "Texas Limited" on the St. Louis and San Francisco Railroad, when two passenger cars fell into a flooded gully yesterday, have been identified today. The Missouri Pacific Service Commission today began an investigation of the wreck. A statement given out by W. C. Nixon, receiver of the railroad, in charge of operation, said that never before, even after heavy rains, had the company experienced any trouble at the gully where the wreck occurred.

## BOMBS DROPPED ON THE GERMANS

By Associated Press.

Tokio, Japan, Sept. 16.—It is officially announced that a Japanese aeroplane dropped bombs on the barracks of the Germans at Tsing-Tau and that the machine returned safely to its headquarters. The destroyer flotilla, operating near Tsing-Tau, drove in the enemy's patrols.

# CARDEN ROASTS MEXICO

By Associated Press.

New York, September 16.—Sir Lionel Carden, one time British minister to Mexico, and recently appointed minister to Brazil, sailing today on the Celtic for Liverpool, is quoted with making the following statement concerning the withdrawal of American troops from Vera Cruz:

"It is a desperate shame that the United States has seen fit to abandon

the decent people of Mexico when they most need help. I do not know the reason for this, but it would seem that President Wilson has been misinformed. The people who did not get protection in Mexico City and elsewhere went to Vera Cruz for protection. What will they do now? They have no means of getting away and will be left to the mercies of the lawless element that will immediately over-run the town and country.

"When it is said that a state of absolute anarchy exists in Mexico it is not stating the facts too strongly. There were some 4,000 good policemen in the City of Mexico, but these have been supplanted by an army of 36,000 soldiers that fought the Federal government, and among these are several thousands of wild Yaqui Indians who, two months ago, fought with bows and arrows as the only weapons they knew.

"Imagine these wild men turned loose in the streets of a great city with no law to govern them and with the residents at their mercy. Neither life, liberty nor property is safe and whenever an officer so desires he may turn a family out of its home and commandeer everything. There is no redress, for there are no courts, no congress, no laws—nothing but anarchy and military despotism with not even a supreme chief to oversee that.

"Huerta had some sort of government, Carranza has none. The only claim he has to greatness is his physique and that is not so terrifying either."

## YANKS TO RETURN

By Associated Press.

Washington, September 16.—Preparations were being made here today for the withdrawal of the American military forces from Vera Cruz, who have held the city since last May, in accordance with President Wilson's order of evacuation. The battleship fleet, now stationed in Mexican waters, will be withdrawn, formal orders for which have not yet been issued. The total forces at Vera Cruz, under General Funston, include 7,200 soldiers and marines, the latter to go back to warships and stations from which they were taken, while the former are to return to Texas barracks.

London, Sept. 16.—The battle of  
the Marne has about come to an end,  
and, although the allied armies are  
keeping in touch with the retreating  
Germans, it is evident the latter are  
taking up positions to stay the north-

### PREMIER VIVIANI

## UP TO THE KAISER

Washington, Sept. 16.—Officials of  
the Washington government and  
diplomats revealed a feeling of ex-  
pectancy that within another day  
or two Emperor William would reply  
to the informal peace inquiry made  
by the United States a week ago. Ad-  
ministration officials are clinging to  
the hope that the answer of the Ger-  
man government may open the way  
for further discussion with Great  
Britain, France and Russia of peace  
terms.

Since President Wilson's tender of  
good offices was made and acknowl-  
edged in a noncommittal way by Ger-  
many, along with the other belliger-  
ents, American diplomats have been  
watchful for the slightest indication  
of a readiness to talk peace. The ad-  
vices which Ambassador Gerard had  
sent the American government early  
last week—before the inquiry was ad-  
dressed to him—were to the effect  
that overtures of peace were at that  
moment inadvisable.

On the other hand, the American  
government had before it the re-  
ported willingness of the emperor to  
make peace, as related by Oscar  
Strauss, after a conversation with  
Count Von Bernstorff, the German  
ambassador. Mr. Gerard was then in-  
structed, notwithstanding previous  
reports, to ascertain if the German  
emperor desired to confirm these re-  
ports. Officials expect a definite an-  
swer soon.

## VERDUN FORTS NOT BESIEGED

Paris, Sept. 16.—The following  
statement was issued by the war  
office:

"On our left wing our forces are in  
close contact with the enemy on the  
entire front north of the Aisne and to  
the west and north of Rheims. In the  
center our advance between the Ar-  
gonne and the Meuse continues.

"It is absolutely untrue that the  
forts of Verdun are being besieged  
and bombarded by the army com-  
manded by the German crown prince.  
The only fort that has been attacked  
by the enemy in this district is  
Troyon, which does not belong to the  
defense of Verdun, but to that of the  
Meuse district. Troyon has been  
bombarded on several occasions, but  
these repeated attacks have been un-  
successful and the fort has now been  
relieved. On our right wing the sit-  
uation remains unchanged."

## START NOW TO PREPARE FOR WAR'S DEMAND ON NEXT CROP

If ever America puts its hand to  
the plow in its effort to feed the  
world, it has assumed that responsi-  
bility now. Not since the harrowing  
days following our own strife of the  
sixties have the tillable acres of this  
country faced such a possible drain  
upon their bountifulness. Without  
even dimly prophesying the duration  
of the war now raging, we are al-  
ready assured of the fact that next  
year this country will be the store-  
house of the world. Every farm own-  
er, every tenant and every share-  
worker will have his part to play in  
fulfilling this great responsibility. No  
matter how remote his residence, he  
will hear Europe's call for beef, bac-  
on and bread, and on the amount he  
has to sell will depend not only his  
satisfaction of having served him-  
self; for big crops, much stock, many  
hogs next year will mean big profits.

It is thus that the American far-  
mer begins his fall work with two  
strings to his bow. With one hand  
he is rescuing the perishing and with  
the other, he is reaching out for tan-  
gible encouragement toward a bank  
account and a better home.

### NOW IS THE TIME TO START

Now is his opportunity, and this  
month is the time to lay his founda-  
tion. There are two lines along  
which he should plan his work, but  
only one line along which he should  
work his plan. First, he should uti-  
lize every available part of his land,  
and second, he should strive to raise  
the average yield of his farm per  
acre. There will be no danger of  
over-production for the crops sown  
this fall. The man who has a big  
yield will find a big market. But to  
get this yield means a better kind of  
farming. Now would be a good time  
to break away from some old-fash-  
ioned ideas about the moon; from some  
other old-fashioned ways of shallow  
plowing; and some old-fashioned  
carelessness in cultivating; and some  
old-fashioned theories in regard to  
seeding. In those parts of the country  
which do fall plowing and fall  
seeding, the way the seed bed is  
made and the way the sowing is done

this fall will determine the crop per  
acre next year more than next year's  
rainfall, hot winds or frosts. In an  
experiment not long ago described  
by F. L. Peterson of the University  
Farm at Davis, California, he says:  
"As the pressure for supplies be-  
comes greater, it becomes more evi-  
dent that the world cannot afford  
large farms skimmed over with care-  
less culture. In an actual experiment  
a gain of 200 per cent which was  
made in the productiveness of a  
certain area, 100 per cent was found  
to be due to better plowing and har-  
rowing, 50 per cent to better culti-  
vation, and the rest to better seed."

A lesson or two like that in every  
community would soon work its way  
into farm operation in such a way  
that several costly practices sanction-  
ed by time and custom would become  
in a short time as historical as crad-  
ling wheat and threshing it with a  
flail are now. The great economic  
law which makes a man's land pro-  
fitable is not so much the price he  
gets for his product as it is the dif-  
ference between this price and the  
amount spent in producing this pro-  
duce.—(By Douglas Malcolm, Inter-  
national Harvester Company of  
America.)

## The Maine Election Results

By what process of reasoning and upon what basis of real fact the political experts are able to arrive at the conclusion that the result of the elections in Maine are a certain indication of the result of elections yet to be held in other states, is just a little beyond the understanding of folks not skilled in the game of politics. But politicians do arrive at that conclusion and announce it as a settled fact with a confidence that is assuring to their fellow partisans and disconcerting to their political opponents.

To the more matter of fact—common, every-day voters—the old saying of “as Maine goes, so goes the nation” is more of an old superstition than anything else.

Maine elected a democratic governor, but upon issues purely local. True, the old political call to the colors of “stand by the President” was in evidence in the campaign and can not be said to have exercised no influence at all upon the voters of the Pine Tree state, but, to assert that the use of that old political battle cry was the controlling influence is going too far.

Insofar as the result of the elections in Maine encourage the partisans of the victors and discourage their opponents that result may be said to be indicative of the result of elections to be held in other states in November.

Of course it is encouraging to the democratic voters in this and in other states that a rock-ribbed Republican state like Maine should elect a democratic Governor and in the fact that the Progressive party vote fell off, markedly from the vote cast by that party two years ago and the democratic candidate was victorious notwithstanding the partisans of Wilson and Bryan and Cox, find further cause to be encouraged.

The shrinking in the total of Progressive votes cast, compared with the result of two years ago, indicates that on local issues there is an inclination among the third party voters to line up with one or the other of the two old political parties and to cast their votes with that party, which more nearly rises to their standard of political principles, rather than cast their votes purely for principle for candidates who have no chance of success.

That view is the most favorable one which Progressives can gather from the results in the Maine elections.

Whether founded in fact or based entirely on superstition, there is no denying the fact that the Democrats are tremendously encouraged by the result of Monday's voting in Maine and their opponents in the ranks of the Republican party correspondingly discouraged.

The result in the Congressional elections is, in a measure at least, proof that an encouraging percentage of the voters are in accord with the policy of the national administration and an indorsement of the vital legislative enactments of the present Congress. To that extent there is real basis in fact for the jubilant spirit in the democratic ranks and to that extent also is the result indicative of the result of later elections.

It is yet several weeks until the voters in Ohio and the majority of the states of the Union will be called upon to express by ballot, and many contingencies may happen which will either strengthen or weaken the prophecy of the Maine result and that prophecy is strong or feeble, according, largely, to the desire of the individual voter to whom the result seems fraught with meaning.

## Out of This Strife There Will Arise In Europe a Greater Federation

By A. P. WARRINGTON, Theosophist

EUROPE HAS NOT BEEN STABLE. IT HAS STOOD ON SUCH SPINDLING SUPPORTS THAT THE SINGLE SHOT OF A FANATICAL ASSASSIN HAS SENT PRACTICALLY ALL ITS COUNTRIES CRASHING TO EARTH. BUT THE FALL, DISTRESSING AS ARE ITS INCIDENTS, MUST MAKE FOR STABLE FOUNDATIONS. WITHOUT THIS SHAKING DOWN TO FIRMER FOUNDATIONS PEACE COULD NOT HAVE BEEN MAINTAINED, BUT THIS WAR WITH MAN FACING MAN AND NATION FACING NATION WILL BRING ITS OWN REVULSION OF FEELING AGAINST SUCH STRIFE.

Out of this strife will arise in Europe a greater federation whose states will co-operate in the development of a GREATER CIVILIZATION THAN THEY EVER HAVE EXPERIENCED. This will not mean national extinction. To a large extent national autonomy will be preserved, but because all nations will have come to realize keenly the horrors as well as the futility of war, and because of the further development of the world spirit, war for a very long period will be made impossible.

BUT ALL THIS WILL BE REALIZED AFTER GREAT SUFFERING. THE WORLD WILL BE SO TORN AS A RESULT OF STRIFE, THERE WILL BE SUCH DISTRESS AND SORROW, THAT THE NEED OF THE DIVINE COMFORTER WILL BE GREAT. WITH SUCH GREAT DISTRESS BECAUSE OF THIS WORLD CALAMITY IT WOULD SEEM THAT EVEN SKEPTICS WOULD NOT DARE TO DOUBT THAT THE CHRIST WILL COME AGAIN TO COMFORT AND MINISTER.

## Poetry For Today

### THE SOLDIER'S DREAM.

Our bugles sang truce, for the night cloud had lowered,  
And the sentinel stars set their watch in the sky;  
And thousands had sunk on the ground, overpowered,  
The weary to sleep and the wounded to die.

When reposing that night on my pallet of straw,  
By the wolf-scaring faggot, that guarded the slain,  
At the dead of the night a sweet vision I saw,  
And thrice ere the morning I dreamed it again.

Methought from the battlefield's dreadful array,  
Far, far, I had roamed on a desolate track;  
'Twas autumn, and sunshine arose on the way  
To the home of my fathers, that welcomed me back.

I flew to the pleasant fields traversed so oft  
In life's morning march, when my bosom was young;  
I heard my own mountain goats bleating aloft,  
And knew the sweet strain that the corn reapers sung.

Then we pledged the winecup, and fondly I swore  
From my home and my weeping friends never to part;  
My little ones kissed me a thousand times o'er,  
And my wife sobbed aloud in her fullness of heart.

Stay, stay with us: rest, thou art weary and worn,  
And fain was their war-broken soldier to stay;  
But sorrow returned with the dawning of morn,  
And the voice in my dreaming ear melted away.

—Thomas Campbell.

# ACCEPT WILSON'S PROPOSAL

## Peace In Colorado Now Up to the Mine Owners.

Washington, Sept. 16.—The United Mine Workers of America accepted President Wilson's proposal for a settlement of the Colorado strike. It now remains with the operators, including the Rockefeller interests, to say whether they will accept the plan and end the conditions which have broken down civil government in Colorado and resulted in much bloodshed.

The president's plan, which was formulated by a commission of government employees after an extended investigation, provides for the establishing of a three-years' truce between the miners and the operators, during which difficulties are to be submitted to locally-elected grievance committees, over which a commission appointed by the president is to act as a court of appeals.

A letter from the high officers of the United Mine Workers informed the president of their acceptance of the government's plan, subject to the approval of the miners of Colorado, whose representatives had been called to meet for an expression of their views at Trinidad.

## WILSON NAMES TWO CONSULS

Washington, Sept. 16.—The president sent to the senate the nominations of Carl Bailey Hurst of the District of Columbia to be consul at Antwerp, and of Henry W. Diederich of the District of Columbia to be consul at Barcelona. Both men are now in the consular service.

## ART TREASURES OF FRANCE.

Precautions That Guard Them at the Louvre, in Paris.

Those who visit the Louvre do not suspect the labor that is necessary in keeping the building in order. It must be protected at night against fire and burglars by watchmen, who, with revolvers at hip and dark lanterns in hand, make their rounds, accompanied by police dogs.

Upstairs and downstairs and along the corridors, says the Paris correspondent of the New York Sun, the distance they travel amounts to four miles, and in every room the watchmen must "punch" the clock that shows whether the rooms have been inspected and how often.

During the night the most valuable works of art are kept under lock and key. When the galleries are closed to the public a clever piece of mechanism is set in motion that carries the royal jewels, worth millions of dollars, into a special burglar proof chamber. The Venus de Milo, too, has her own special bedroom. An iron shutter rises from the ground in front of her and hides the marble features of the goddess.

In the early morning an army of custodians pours through the rooms, and the process of cleaning begins. A force of 150 men sets to work with brooms, dusters and floor polishers. The custodians exceed the strength of a company of soldiers on a war footing. There are one chief custodian, three underchiefs, twenty-seven superior and 148 inferior custodians. To these must be added the Louvre's artisans, for the great place has its own works department and almost its own factory.

Sunday School Teacher—Can you tell me who dwelt in the Garden of Eden? Little May—Yes, ma'am; the Adamises.

"What is an amateur, Bobby?" queried his small sister.

"An amateur," replied Bobby, "is anything that isn't nature."

"Mamma," queried little Myra, "do you think grandpa has really gone to heaven?"

"Yes, dear," was the reply.

"Well, continued Myra, 'I'll bet he sneaks outside once in a while to smoke his pipe.'"

In the lesson mention had been made of the canthook that is used in rolling logs.

"Can you tell me what a canthook is, Tommy?" asked the teacher.

"Sure," replied Tommy. "It's a cow that hasn't any horns."—Detroit Free Press.

## AMBASSADOR HERRICK STICKS TO PARIS POST; BACON IS AIDING HIM.

Myron T. Herrick, American ambassador to France, is sticking to his post in Paris for the benefit of Americans who are still there. He declined to go to Bordeaux when the official French government was moved there because the siege of Paris seemed imminent. Ambassador Herrick, who was about to give up his post, to be replaced by President Wilson's appointee, William Graves Sharp, when the war began, will stay in Paris until peace is reached. He is being aided by Robert Bacon, former American ambassador to France. Mr. Sharp is also there.

## MUSHROOMS CLAIM TOLL

Cleveland, Sept. 16.—Two girls died and 10 other persons were reported in a serious condition from mushroom poisoning. Isabelle Miko, seven, died at a local hospital. Her grandfather, father and mother are in a serious condition at the same hospital. Hazel Gebhart, sixteen, died at her home. Her father, F. J. Gebhart, and her 18-year-old brother Frank are at a hospital. Her mother and two younger sisters are ill at their home. Mrs. Anna Novak also died from the effects of mushrooms eaten at home. Her husband, John Novak, and Arnon Squiras are in a serious condition.

## SUPERVISOR AGRICULTURAL EDUCATION VISITS SCHOOLS

Mr. Lester V. Ivins, Supervisor of Agricultural Education, Department State School Commissioner, of Lebanon, Ohio, spent the day in the city and county, conferring with Supt. Allen and the District Superintendents in the county along the lines of Agricultural education in the public schools.

Mr. Ivins reports interest in his department to be greatly increased under the new school laws, and believes it will bring much better results than under the old methods employed, as it places his department into closer touch with the schools.

Mr. Ivins stated that it was the intention of his department to try and recognize a number of First Grade rural schools in this county and a little later an inspection of schools will be made with this in view.

To be a first class school the following requirements are essential: a library, agricultural apparatus, map of Ohio and United States, buildings in good condition, jacketed stove with

proper ventilation, 100 square feet of blackboard, teacher with a three-year school certificate, school room in clean condition and in good state of repair.

When such schools are found, a metallic placard will be placed over the door bearing the information that it is a first grade rural school.

It will be seen that the most important requirement is a teacher who has a three-year certificate, and it is expected that this will have a tendency to increase the efficiency of the teacher, and incidentally be an inducement for better salary.

Supt. Allen reports the schools moving forward very nicely, and with ever increasing smoothness as the teachers and pupils become more accustomed to the new order of things.

The smallest school in the county is in Marion township, where there are three pupils. Later on steps will probably be taken to consolidate the weak schools and decrease the cost of conducting the schools of the county.

## WAR ON SHACKS IN AVONDALE

A. P. Shalley, the man who laid out Avondale addition in the eastern part of the city, has declared war on shacks in that addition, and, under provision eleven in the contract with the property owners of that addition, has ordered a number of shacks removed, and others improved so that they will present a better appearance and not retard the growth of the addition.

The article under which the order was issued reads:

"Eleventh: It is further agreed that the deed to be executed for said real estate shall contain the following provision: 'It is expressly agreed and understood by the parties to this instrument, and this deed is made upon the express condition, which shall run with the land, that the total value of any improvements placed upon said premises hereby conveyed, by the said purchaser, his heirs, assigns or lessees, shall exceed Five Hundred Dollars; that no portion of any structure erected upon said premises, save an open porch or veranda, shall be distant less than 20 feet from the street line in front of said premises.'

When Mr. Shalley returned to this city a few days ago and took a look at some of the buildings erected on lots in Avondale, he got busy and ordered several buildings torn out completely, and others remodeled to such an extent that they will hardly resemble the present structures.

In addition to endeavoring to keep the buildings up to the required standard, Mr. Shalley has made arrangements for constructing a five-foot concrete walk on Olive street, from Columbus avenue to Florence street, and on both sides of Florence street the entire length.

Also 100 shade trees are to be added to Avondale this fall, and other steps taken to beautify that part of the city.

## QUARTET DELIGHTS AUDIENCE LAST NIGHT

Those who availed themselves of the opportunity of enjoying the entertainment given by the Metropolitan Grand Quartet at Grace church, Tuesday night, were delighted with the entertainment, and the quartet was liberal in its response to repeated encores.

The audience was a small one considering the high class of the entertainment, and many pronounced the quartet equal to any ever appearing in this city.

The individual work of Messrs Thomas Wade Lane, basso, and Chas. L. Neth, lyric tenor, was particularly pleasing. The dialect numbers rendered by Mr. Lane made a decided hit and he was recalled again and again.

The splendid concert work reached a climax in the particularly beautiful rendition of the "Sextette from Lucia", the closing number.

## THIRTY-TWO CASES AS MANY CONVICTIONS

The record in bootlegging cases during the first nine months of Mayor Coffey's administration, is a remarkable one.

Out of 32 bootlegging cases filed, the same number of convictions has resulted, and not a single case has failed for lack of evidence. Catching a bootlegger "with the goods" is hard

work, but in each case the evidence has been so conclusive that there was no escape for the accused, and as a result many violators have been brought to justice, and the coffers of the city enriched by a big sum in fines.

## MISSIONARY CONVENTION

The annual convention of the Fifth District, Ohio Christian Missionary Society and Christian Woman's Board of Missions will be held at Bowersville Thursday and Friday of this week. The district comprises Fayette, Clinton, Greene and Clark counties, including about 20 churches.

The convention program covers the whole range of church life and work and the personnel of the program is made up of representatives of the churches of the district and of the state missionary organizations.

A special car will leave here on the D. T. & I. Thursday, 12:30 p. m.,

carrying delegates direct to Bowersville.

### In Social Circles

Friends of the groom in this county are in receipt of the following:

"Mrs. Antoinette Jarus announces the marriage of her daughter, Miss Caroline to Mr. James G. May, Cleveland, O., September 10th, 1914."

Mr. May is a son of Dr. and Mrs. John May of New Holland and a brother of Mr. Chas. H. May of this city.

Dr. May and wife gave a family dinner last Sunday at their residence in New Holland complimentary to the bride and groom.

Mr. May is in the advertising department of the Cleveland Press and is making good; he and his bride were entertained last night by Mr. and Mrs. Chas. H. May enroute to their home in Cleveland.—Circleville Herald.

The social column of The Chillicothe Advertiser announces that the wedding of Mr. Frank A. White, Jr., and Miss Elizabeth Dwinell, will take place September 24th at 7:30 at the bride's home.

Informal notes have been issued to friends and relatives.

Miss Chloe Brock charmingly entertained thirty of the Loyal Sons and Loyal Daughters of the Christian church Tuesday evening in honor of the following young men who are leaving for college:

Messrs. Ed Williams, who goes to Ohio State; Melwood Hostetler, Beathany College, West Virginia; Wilbur Kier, Phillips Bible Institute, Canton, O.; Dorral Flint, Berea College, Kentucky; Ellis Spray, Illinois College.

During the evening impromptu entertainment was furnished by the guests, features of which were a reading by Rev. Hostetler; male quartet, Messrs. Fellus, Snyder, Davenport and Hostetler and a reading by Miss Ethel Spray. In a guessing contest Mr. Donal Flint and Miss Amy Kier won the prize.

Delicious refreshments were served.

### ATHLETICS LEAVE ON TOUR THURSDAY

Will Visit Logan, Straitsville, Crooksville, Bellefontaine and Perhaps Other Places—Party Includes 12 Men, Several of Them New to Local Lineup.

The Washington Athletics leave Thursday at 5:05 over the B. & O. on their barnstorming tour, their first stop being Logan. By automobile they will immediately proceed from Logan to Straitsville where they play their opening game Thursday afternoon. Friday they will play at Crooksville and, returning to Logan, will play two games there—Saturday and Sunday.

These last two games are expected to be the stiffest of the trip, and the state semi-pro. championship depends on its outcome. Logan played here recently and in two games won one. In both, Washington demonstrated clearly its superiority over the other team, and the Athletics enter into the clash for final honors confident of victory.

Monday they will move on to Bellefontaine where they play Monday afternoon. This is the end of the schedule as now prepared, and if no other games are added to the list the locals will return home Monday evening.

The Athletics will carry twelve men and among them are several, strange to Washington, but old-timers in the field. Among the pitchers is Os DeLotel, formerly on the twirling staff of the Richmond team of the Virginia State League. DeLotel

is a clever slabsman and is counted on as one of the strong points in the Athletic line-up. Scott Ross, of Columbus, a strong southpaw tosser, is included in the staff and will switch with DeLotel and Cotterill. Reno and Linson will not accompany the expedition. The other members of the party are Hagerty and Woods, catchers; Adams, 1b; Runnells, 2b; Corwin, ss; Fowler, of Columbus, 3b; Underwood, Columbus, Irvin Ross and Noon in the outfield.

### HUMANE SOCIETY HOLDS MEETING

A meeting of a number of members of the Fayette County Humane Society was held Tuesday night, and business of importance was taken up. Owing to a number of other meetings in the city the attendance was not as large as desired, and another meeting will be held in the near future.

The report of Humane Officer Gooderl indicates the broad extent of the work, scores of cases being settled without going into court, with splendid results.

A movement to increase the membership of the society will be launched in the near future.

### YOUTHFUL CULPRIT PROVES INNOCENCE

He was not much higher than the table-desk in the mayor's office, and

he kept a sharp eye on every move made by His Honor, who was pumping him with questions concerning the theft of some article which had been stolen in this city.

His brother, a little larger, was with him, and also came in for a share of the questions.

Looking straight at the little chap Mayor Coffey said: "I am satisfied that your hands are sticky."

The youngster glanced rapidly at his grimy little hands and instantly replied: "They ain't sticky—they're jest sweaty!" He was released.

### WILL COMPLETE DEPOT NEXT MONTH

Mr. M. V. Hines, superintendent of the C. H. & D. railroad, was in this city Tuesday afternoon giving his attention to matters in this city, and particularly to the construction of the new freight depot west of Main street.

Some delay has resulted in the work owing to the inability of the road to obtain some of the important material for the depot, but this difficulty has been overcome, and it is announced that by November 1st the new depot will be occupied.

The depot itself is to be 120 feet in length, and the platform will extend an additional 180 feet, offering facilities capable of taking care of all ordinary business in very good condition.

# AUSTRIAN ARMIES CAUGHT IN TRAP?

Pushed Back Across Frontier  
and Between Two Rivers.

## RUSSIAN FORCES ADVANCING

Fortress of Przemyśl Now Being Approached by the Army That Captured Lemberg—Servians and Montenegrins Report Successes—Russians Compelled to Withdraw from East Prussia.

London, Sept. 16.—The Russians are said to be continuing their successes in Galicia and Poland. The armies of General Dankl have been driven back across the frontier, which they crossed while the Russians were advancing on Lemberg, and are now, according to St. Petersburg reports, in the angle between the rivers San and Vistula, a trap into which the Russian troops had been trying for some days to drive them. Their flanks are supported by the fortresses of Cracow and Przemyśl.

Przemyśl is being approached by the Russian army which captured Lemberg and which will now operate against the right wing of Generals Dankl and Von Auffenberg. Meanwhile the Russian army is free to move west toward Thorn, Prussia.

town of some 27,000 inhabitants on the right bank of the Vistula, twenty-six miles southeast of Bromberg, and General Rennenkampf can look for reinforcements for his army which had to fall back with the German advance in East Prussia.

The Russians won their victories in Galicia and Poland not only because they had a superior force, but because their artillery was superior to that of the Austrians.

St. Petersburg hopes that when General Rennenkampf gets his reinforcements he will be able to defeat the Germans. Military men are most anxious to see how the Russians compare as fighting men against the perfectly trained Germans.

The Servians and Montenegrins, according to a Rome dispatch, after the capture of Visegrad, Bosnia, by the Servians and of Fatchia, Bosnia, by the Montenegrins, joined forces and are now advancing along the entire front. All these troops are veterans with long fighting experience and are expected to give a good account of themselves.

The Russian general staff has said nothing about the fighting in East Prussia, except that the Russians were compelled to withdraw before superior forces. The Germans, however, claim another big victory for General Hindenburg's army in the fighting which raged for four days over the entire front. They say that the Russians lost heavily, especially in the battle at Lyck, nine miles north of the Russian frontier, while the German losses were inconsiderable.

## ADOLPHE MAX EARNS RESPECT OF GERMAN ARMY IN BRUSSELS.

Adolphe Max is the heroic burgo-master of Brussels. By his firm stand in preventing the citizens of the city from sniping at the Germans after the capture of the city he earned the respect of the invaders. When the Germans were advancing on the city many of the populace wanted to rush to arms and defend the city, but Max saw the futility of this and stood firmly for a peaceful surrender, thus saving thousands of lives and preventing a sack of the city.

New Revenue Bill.

Washington, Sept. 16.—By unanimous vote the Democrats of the house, in a party caucus, adopted a resolution rejecting the proposed freight tax that was embodied in an emergency revenue bill adopted last week with the approval of the president by the majority members of the committee on ways and means. The caucus directed Chairman Underwood and his associates on the ways and means committee to write a new revenue bill. This bill is the third that has been framed by the Democrats since it was decided to raise additional revenues to make up the deficit in customs caused by the war.

The caucus was a rather tame affair. Representatives of the administration drafted a bill that was readily accepted at the caucus. The measure was written, or at least outlined in the main, at a conference held at the White House, in which the president, Representative Underwood and Senator Simmons, chairman of the senate finance committee, took part.

## Hartman Theater

WEEK OF SEPTEMBER 21ST.

No announcement could be of greater interest to Hartman theatre patrons, that of the coming of "Potash & Perlmutter", which will appear at that play-house on Monday Tuesday and Wednesday, September 21, 22, 23, with matinees Wednesday. "Potash & Perlmutter," one of the cleverest comedies of recent years, was adapted from the Montague Glass stories in The Saturday Evening Post. No play within the memory of the oldest theater-goer made a quicker or greater hit in New York than this delightful dramatization of the joys and sorrows, trials and triumphs of the two quaint, lovable partners who are business men to the tips of their fingers, but soft-hearted to a fault. Abe and Morris are seen first in their modest downtown factory and salesroom on the verge of bankruptcy because a rival firm has employed a prize designer. How Abe and Morris secure this designer and then, when on the way to a fortune, risk their all to save from unjust imprisonment a poor young Russian refugee; how they get out of their difficulties while Morris wins the designer and Abe gets a fine son-in-law; how the partners quarrel and make up, and quarrel and make up again and again is told in three acts that fairly teem with laughs, although at times the tears will come to the eyes of the audience. It is the wonderful heart-interest of "Potash & Perlmutter" that accounts as much as anything else for its wonderful grip on the public. It is intensely human, intensely true.

Mr. George Arliss in "Disraeli" is the treat to be given theatre-goers of this vicinity when Mr. Arliss is seen at the Hartman theater, Columbus, Friday and Saturday, September 25th and 26th, with matinee Saturday. "Disraeli" is Mr. Louis N. Parker's most successful comedy, based on the brilliant stroke whereby Lord Beaconsfield, in 1876, secured the Suez Canal for Great Britain. The

## LATEST ROLL GIVES WRECK 27 VICTIMS

St. Louis, Sept. 16.—A fast passenger train of the Frisco line sped around a curve two miles east of Lebanon, Mo., in the darkness and plunged into a lake of water gathered from a cloudburst. A smoking car and a chair car, both crowded with sleeping people, toppled off the boggy tracks and rolled into deep water at the foot of an embankment. Twenty-seven persons were drowned. Most of them were in the chair car, which sank completely out of sight. The smoking car came to a stop on its side. It was not entirely submerged. There was scarcely a fighting chance for the men, women and children trapped in the chair car. At the point where the accident occurred the tracks run over a 12-foot hill. Rain had fallen in such quantities during the previous hours that water had risen to the level of the tracks.

Mrs. Elizabeth Rostetter of Alliance, O., is among the dead.

# MEXICANS AGAIN RULE VERA CRUZ

Wilson Orders Withdrawal of  
Troops From Vera Cruz.

## PRESENCE HELD UNNECESSARY

President's Act Will Facilitate Efforts  
of the Head of the Constitutionalists  
to Establish a Stable Government  
in Mexico—Occupation of  
Vera Cruz a Thorn in the Side of  
the Carranza Regime.

Washington, Sept. 16.—Announcement was made by President Wilson that he has ordered the withdrawal of the United States forces from Vera Cruz. The withdrawal will take place just as soon as arrangements can be made for the delivery of the city to the properly constituted Mexican authorities.

The president's statement on the subject was limited to the following: "The troops have been ordered withdrawn from Vera Cruz. This action is taken in view of the entire removal of the circumstance which was thought to justify the occupation. The further presence of the troops is deemed unnecessary."

President Wilson's decision to withdraw the American forces from Vera Cruz was based on a report from Paul Fuller, the New York lawyer, who succeeded John Lind as special agent of the president in Mexico and who left for the United States last week after several days of conference with

General Carranza at Mexico City. Mr. Fuller reported that the withdrawal would greatly facilitate the efforts of Carranza to establish a stable government in Mexico.

The immediate effect of the president's act will be to leave Carranza free to conduct the reorganization of Mexico without any restraint, and to put him in possession of one of the most important points in all Mexico. The continued occupation of Vera Cruz by the American forces has been a thorn in the side of the Constitutionalists and the prestige of Carranza was threatened if he did not succeed in bringing about the withdrawal of the American forces. His generals already had initiated a movement to bring pressure upon Carranza to demand the removal of the American forces. It was believed that unless the United States acted voluntarily, Carranza, in order to maintain himself at home, would have to make concessions to the pride of the Mexicans and send a demand to the Washington government which he would prefer not to present. President Wilson realized the likelihood of this development and apparently has moved to forestall it.

## FRENCH ATTACKS MEET REVERSES

London, Sept. 16.—The following German official statement by Marconi Wireless has been received here: "The right wing of the western army is engaged in heavy fighting, the result of which at present has not been decided. An attempt on the part of the French troops to break through has been victoriously repulsed. Otherwise no result has been achieved anywhere. The Austrian troops have repulsed the Servians all along the line of the river Save, and there is now no danger with regard to Semlin."

## Now Canada Got Its Name.

The origin of the name Canada is strange enough. The Spaniards visited that country previous to the French and made particular search for gold and silver, and finding none, they of ten said among themselves, "Aca nada," meaning "There is nothing here." The Indians, who watched closely, learned this sentence and its meaning. Later on the French arrived, and the Indians, who wanted none of their company and supposed they had come on the same errand as the Spaniards, were desirous to inform them in the Spanish sentence "Aca nada." The French, who knew as little of the Spanish language as they, supposed that the incessantly recurring sound was the name of the country and ultimately christened it Canada, which it has borne ever since.

# RESIGNATION ACCEPTED

New York, Sept. 16.—Frank Chance has severed his relations with the New York American League club. President Frank Farrell accepted the resignation of Chicago's former idol at the face value of the "peerless leader's" earlier proposition by letter. The executive paid in full the year's salary and gave his former manager a month's leave of absence in return for the abrogation of a 1915 contract. Roger Peckinpaugh, who acted as captain under Chance, was appointed temporary manager of the club.

## MONEY VALUE OF SMOKE.

Over Half the Heat Energy of Coal Goes Up the Chimney.

To the engineer the smoke rolling and billowing out of the power house chimney is just like so many dollars taking wings from the company's strong box. The smoke escaping from a steam plant is composed of nearly 60 per cent of the heat energy of the coal which is being burned. This energy is lost in the tiny particles of coal and carbon which escape up the chimney in the various gases which are freed before they are burned in the heated air and in various other ways. So, for every \$10 spent for coal \$6.50 is lost up the chimney.

Assuming that the energy of coal is 100 per cent, only 2 per cent of this is available in the form of light when you snap on the electric lamps. Nearly 99 per cent of the original coal energy is lost in transmitting this energy into heat, from heat to steam, from steam to electricity and in transmitting the electricity to your home.

The efficiency of the electric lamp is only 5 per cent—in other words, the lamp turns into light 5 per cent of the energy it receives and wastes 95 per cent of it in useless heat.—New York World.

## Poetry and Poverty.

Writing of Poets' Corner, W. J. Lof tie, in "Westminster Abbey," comments on the frequent and pathetic alliance between poetry and poverty. The first of the poets laid here, Chaucer—who dwelt in a house in the monastery garden known as "The Rose"—"fell into poverty in his old age." Spenser, according to Drummond of Hawthornden, "died for lack of bread" in King's street, Westminster. Ben Jonson "died in great poverty" in a house on the north side of the abbey, near St. Margaret's. Dryden is another immortal to whom the same fate attaches; also Butler of "Hudibras" fame. Chaucer's house was demolished to make way for Henry VII's chapel. His gray marble tomb dates only from 1555. Though so late in erection, it is good to recall that the tomb was the gift of a brother poet in happier material circumstances, Nicholas Brigham.

## Compensation.

King Alfonso is very English in some of his expressions. For instance, he was discussing with a well known British peer the difficulties and dangers of kingship.

"So you think, sir," remarked the peer, "that it is rather a thankless task being a king?"

"It is rather difficult work at times," replied his majesty with a grin, "but it is indeed well paid!"—London Globe.

## Helping Him.

A section foreman on a southern railway heard the following conversation between two of his dusky laborers:

"Jim, you bettah come here an' help me. I's talkin' up fer you."

"How's dat?"

"W'y, dis here man say you ain't fit fer de dawgs, an' Ah tole him yes you is!"—Everybody's Magazine.

## SHOES SPOIL OUR FEET.

That is Why So Few Persons Have Perfect Pedal Extremities.

A person with normal feet is very difficult to find. In fact, the doctors inform us that foot trouble is endemic in the United States, as well as in every enlightened country on the globe. The cause of this condition and the vast suffering which it entails is the unhygienic shoe.

A thousand Porto Ricans whose feet had never been shod were examined. Not a single diseased or deformed foot was found among them. A San Francisco surgeon, in commenting on this fact, declares that among a thousand shoe wearing Americans there is hardly one with normal feet.

The trouble is that the vast majority of our shoes are improperly constructed. The fashionable shoe seems built to force the foot into shapes which, however slightly, are nevertheless abnormal. That worn by the masses is equally inimical to foot health, for the reason that it is constructed with very little reference to the lines of the foot and without effort to adjust it to the normal movements of that member.

The medical man presents the moccasin as the most wholesome foot covering yet devised, but very few are sanguine enough to hope that fashion will permit its general use. Next to the moccasin, so we are told, is the shoe that not only permits the foot to perform its normal functions unimpeded, but strengthens it when in use. This is the shoe that, instead of pinching the foot or forcing it into abnormal shapes or positions, actually fits it.—Boston Herald.

## NOW, GENTLEMEN, RUN THE CARS

By Associated Press.

Columbus, Ohio, Sept. 16.—The Supreme Court today refused to grant a stay of execution asked by the Hocking Valley Railway Company from the orders of the State Public Utilities Commission, demanding the re-establishment of electric train service between Jackson and Hamden, Vinson county. The Public Utilities Commission had ordered the company to re-establish the service.

By Associated Press.

Washington, Sept. 16.—An official dispatch today, to the French Embassy from Bordeaux, says:

"On our left wing, yesterday, the Germans resisted north of the river Aisne on a line formed by the forest Laigne and the Craonne.

"At the center, their line of resistance yesterday was north of Rheims and the camp of Chalons, toward Vienne (town at western border of Argonne). The hostile forces south of the Argonne have accentuated

their movements, retreating between the Argonne and the river Meuse. They were holding, yesterday evening, a front at Varennes and Consenvoye. On our right wing the Germans are retreating toward Metz."

The largest gatherings have been in the following charges: Washington C. H., South Salem, our two Chillicothe churches, Williamsport, Wellston, Omega, Bloomingburg, Richmond Dale, Adelphi, Bowersville, Jeffersonville, Orland, New Holland, Waverly and Mt. Sterling. A good revival spirit has prevailed throughout the district and many charges that have not had large gatherings have been blessed by the pentecostal spirit, and by increased devotion in all the work of the church. Over against our large number of additions there have been some subtractions by death and by removals, while there are always some people, who have forsaken us, having loved this present world."

"The reports of the pastors indicate that we have now in the Chillicothe District, about 1250 subscribers to the Western Christian Advocate. While we have not at hand the final reports of the pastors to the Conference treasurer, we have made careful inquiry of the pastors in the quarterly conference, and their responses indicate to us that our benevolent collections will be fully up to the highest standards of the past, and we have strong hope that they will show an encouraging advance."

"We desire to note, as briefly as we can, some of the facts concerning the progress of our district during the past six years, in pastoral support, and in church buildings and improvements."

"During this period over and above the use of the parsonage, the cash salaries of the pastors have been increased in the charges as follows: Adelphi from \$800 to \$1050; Andersonville, \$600 to \$700; Bloomingburg \$800 to \$900; Trinity church, Chillicothe, \$1400 to \$1700; Clarksburg, \$900 to \$1000; Denver, \$400 to \$500; Frankfort, \$850 to \$1000; Good Hope \$900 to \$1000; Jeffersonville, \$850 to \$950; Kingston, \$900 to \$1000; McArthur, \$750 to \$800; Milledgeville, \$500 to \$600; Mt. Sterling, \$850 to \$1100; New Holland, \$900 to \$1000; New Plymouth, \$650 to \$700; Richmond Dale, \$800 to \$1000; Sedalia, \$800 to \$900; South Salem, \$600 to \$750; Tarleton, \$800 to \$900; Washington C. H., \$1500 to \$2000; Waverly, \$800 to \$850; West Holland, \$700 to \$800; Williamsport, \$1000 to \$1100. This makes an aggregate of \$3250 increase in the cash salaries of the district, and this increase is in 23 out of the 35 charges. About five-sixths of our charges are circuits, and since we have so much circuit work, it is a great pleasure to report this increase in the support of our devoted circuit pastors. We now have 10 splendid circuits that give their pastor a cash salary of \$1000 or more, while many other circuits have lifted their standard and are giving much more comfortable support to their pastors than in the earlier years."

We can note a few of the more marked improvements in our church property, including our new church buildings. Adelphi has made parsonage improvements to the extent of \$800, and the new church building at Laurelville has been built and paid for at a cost of \$5500.

Bainbridge has paid a debt of \$2500 on the church and parsonage, and has spent \$600 on improvements; Bloomingburg charge has spent \$500 for improvements on the church at Madison Mills; Walnut street church, Chillicothe, has paid off the last dollar of indebtedness on the new church building, and has spent a large amount on church and parsonage improvements.

Trinity church, Chillicothe, has paid its debt of \$13,000, and has sold the old parsonage which was far away, and has bought a splendid new parsonage near to the church.

Denver circuit has built a comfortable parsonage, and has it mostly paid for.

Frankfort has improved its church property to the extent of \$1500.

"Good Hope has spent \$3500 in church and parsonage improvements. "Hamden has built and paid for a beautiful church at a cost of \$7500. "Kingston has spent \$1500 on improvements of the church and parsonage."

"McArthur has finished its basement, and otherwise improved its property to the amount of \$2000."

"Milledgeville circuit has built two new churches. The church at Edgefield was burned to the ground on February 15th. By the push and generosity of the people, inside of seven months, a beautiful new church has been built, and its indebtedness provided for, and it was dedicated by the district superintendent and the pastor last Sunday. It should perhaps be mentioned that Brother McKay, the supply pastor of this circuit, is the only pastor in Chillicothe district, who has remained in the one pastorate during the six years of the district superintendency now closing. Three pastors have remained five years; several have remained four years, but only one six years. Also on the Milledgeville circuit, a new church has been built, in the village of Octa. This was the one village left in Fayette county for several years. This county had to have a county vote to put the saloon out of this one little village. But when the saloon goes, the church comes; and our people at once started a church and Sunday school there, and now we have a beautiful church awaiting dedication in the once wet village of Octa, that was for a time the only wet spot in this beautiful dry county in which our conference meets today."

"Quite an amount of money has been spent in the improvements on the church and parsonage at Tarleton. Waverly has paid off the parsonage debt, and has spent several hundred dollars in church improvements. South Salem has built and paid for a good new church at a cost of \$5,000."

"Wellston has enlarged and improved its church building, at an expense of \$2500."

"Williamsport charge has spent this year on church improvements \$2500."

"New Holland has built and paid for a \$20,000 church. It has also improved the parsonage to the amount of \$500. Extensive improvements have been made on the church at Atlanta."

"Mt. Sterling has built and nearly paid for a fine large modern church at a cost of \$22,000."

"Washington C. H. has built a fine modern parsonage at a cost of \$9000, and has recently relighted, recarpeted refrescoed and otherwise improved at a cost of \$5,000, this beautiful church building in which we meet today."

"In conclusion, we give thanks to our Father, for the health and strength that he has given us, for the multiplied labors and travels of these six happy years now closing."

"We give thanks to our brothers and sisters of the ministers and laity, for their multiplied kindnesses, that have so brightened all our way with help and good cheer."

"We make our best bow to the Methodist Almanac while we trust that our labors on Chillicothe district may be accounted worthy to be recorded in 'the book of God's Kingdom.'"

The afternoon session opened at two o'clock with the Epworth League anniversary. Rev. N. C. Patterson, presiding, and with a very interesting address by Rev. S. K. Arbuthnot, D. D., pastor of the First Church, Parkersburg, W. Va.
